SUMMER IS COMING!

Southern Area Locality Planning Groups Summer Activities Directory 2021

This year, summer activities will be of great importance in helping children, young people and families to reconnect with local activities, groups and friends, which will help maintain good emotional and physical wellbeing.

The list of summer activities included in this resource has been compiled by representatives from the 6 Southern Area LPGs and other contacts to ensure we can promote as much information as possible.

Although this list isn't exhaustive, we hope that it will provide useful information and links for parents / carers, children, young people and workers who are currently searching for activities for their children/clients to participate in over July & August 2021.

Please note some of these activities may be fully booked at this stage however may operate a Reserve List. We advise that you contact the relevant person to confirm.
