SOUTHERN AREA LOCALITY PLANNING GROUPS

ISSUE 112

5th October 2023

WELCOME

Welcome to Issue 112 of our fortnightly newsletter, 'FYI' (For Your Information).

As we move into autumn, we will continue to promote advice and support services for families who are more adversely affected by the cost of living crisis. Please make sure to share these with families with whom you work. We also welcome all information which may benefit children, young people and families, so please keep us informed of such services.

Views are being sought on the recommendations of the report of the Independent Review of Children's Social Care Services in Northern Ireland, conducted by Professor Ray Jones. Responses are welcome from anyone with an interest in or views on the subject covered by this consultation, so please respond if relevant - See page 20 for further details.

As always, please submit any flyers or information for the next issue of 'FYI' by close of play on the Tuesday before 'FYI' is released.

Support for migrant victims of domestic abuse with No Recourse to Public Funds

Southall Black Sisters and our partners across the UK have been awarded funds to operate the Support for Migrant Victims Scheme (SMV), a one-year project to provide temporary support to migrant survivors of abuse and to build a better understanding of their needs.

The scheme and eligibility

This Support for Migrant Victims (SMV) pilot scheme is now open for referrals. It will provide support to up to 500 migrant victims of domestic and other forms of gender-related abuse (and their children) who are subject to the No Recourse to Public Funds (NRPF) Rule

Priority will be given to those survivors who do not currently have an established route to financial support although in some exceptional circumstances bridging support will be available to those who are otherwise eligible for the DDVC concession, asylum support, local authority or other state assistance

Referral Pathways

The SMV scheme will only accept referrals from third sector agencies, local authorities and statutory bodies via the following referral pathways:
