What is Locality Planning?

The 25 Locality Planning Groups (LPG) at a geography that works best for planning of local services is an integral part of the Children and Young People's Strategic Partnership (CYPSP) infrastructure. Across Northern Ireland, there are approximately 1,532 members of LPG representing 600 different organisations. The strategic expectation is that these multi-agency groups of frontline leaders contribute to strategic planning through working closely with Outcomes Groups and Family Support Hubs.

If you wish to become a member of one of the Western LPGs, please contact:

Dr Priscilla Magee

Women Centre Derry

Since 1985, Women Centre Derry has provided a safe, supportive, and empowering environment where women can learn, grow, and access the services they need to reach their full potential.

We work collaboratively with individuals, communities, and partner organisations to promote women's empowerment, equality, education, and wellbeing.

Our Programmes:

RECOVER, REBUILD, RENEW. (RRR)

Supporting families with young children impacted by COVID-19. RRR offers play-based activities, parental support, and wellbeing services designed to boost child development and strengthen confidence at home.

MAS

Mental health and advocacy support for expectant and new mothers with children aged 0-3. MAS provides a space for women to share their healthcare experiences and works to improve maternity services across Northern Ireland.

SUCCESS NORTH WEST

Delivered in partnership with community hubs across the Derry & Strabane area, this programme improves employability, skills, and confidence for women furthest from the labour market, particularly those affected by long-term unemployment or poverty.

CONNECT

A community-led project celebrating cultural diversity across the city. CONNECT brings women from different ethnic and religious backgrounds together through shared activities, dialogue, and community events, building understanding, peace, and stronger neighbourhoods.

YODA

Advocacy, integration support, and activities for children and young people from ethnic minority communities.

English Speakers of other languages (ESOL)

Accredited language classes helping women build confidence in English, improve communication skills, and access further education and employment opportunities.

Womens Regional Consortium

Representing the voices of disadvantaged and rurally isolated women across Northern Ireland. The Consortium responds to government consultations, carries out research, and influences policy to ensure women's needs are heard.

Support Services

Free Onsite Crèche (8 weeks, 4 years)
Our crèche enables women to participate fully in learning, training, and support programmes by providing free, high-quality childcare on site.

Wrap-Around Support

Women Centre Derry provides one-to-one counselling, advocacy, guidance, and referrals to ensure every woman receives holistic, person-centred support.

Winter Newsletter

Welcome to the Dry Arch Children's Centre Winter newsletter.

The festive season is often a time when people reflect on the past year and make resolutions for the one ahead; they open their hearts, share what they have, and offer kindness and support to others-whether through gifts, time, or simple acts of care.

Here at the Dry Arch Children's Centres we are dedicated to supporting families all year round through a wide range of services, including Childcare Provision, SureStart programmes, educational and development initiatives for children, parenting support, youth support, and comprehensive family support.

We work in collaboration with a network of statutory, community, and voluntary partners and are renowned throughout the community for providing high-quality services, a warm atmosphere, and unwavering commitment to the children and families we serve. As we look back over the last couple of months we see only a glimpse of the services provided here at the Dry Arch Children's Centres.

The Dry Arch Centre bid a fond farewell to its Catherine Street premises and we are delighted to announce our move to the historic Old Roe Valley Hospital in the heart of Limavady. Our dedicated staff have been busy settling into the new location and creating a family-friendly environment. We have already welcomed many families to attend our fabulous programmes. We look forward to the future in our new premises continuing to serve our community.

Podcast Updates

The Dry Arch Children's Centres Podcast-"It Takes a Whole Village to Raise a Child" welcomed our Emotional Wellbeing Champion to explore the importance of the term 'Emotional Intelligence'. We explored what emotional intelligence really means, why it can matter more than IQ, and how nurturing it from an early age is one of the greatest gifts we can give our children.

In October in honour of ADHD Awareness Month we introduced the first segment to the 'It Takes a Village to Raise a Child- the Neurodiversity Series'. Our Neurodiversity Champion guided us through what neurodiversity means, why it matters, and how each of us can help create more inclusive environments for children and adults alike. We look forward to more episodes in the series. If you haven't heard our Podcast you can find a link to our Spotify or YouTube on our social media pages!

Child Only Programmes

Both our Limavady and Dungiven Centres have been buzzing with excitement as they welcome this year's class of children into: Sure Start Developmental Programme for 2-3 Year Olds and our Ready, Steady Preschool Programme

Learning Through Play

Our dedicated staff create a warm, inviting environment where play is at the heart of learning. Through carefully designed activities, children develop: self-regulation, language skills, cognitive growth and social confidence. These foundations prepare them for a smooth and joyful transition into preschool.

Supporting Our Rural Community

We are delighted to provide more families in our rural community with the opportunity to benefit from these programmes. Together, we're helping children thrive while giving parents peace of mind that their little ones are cared for, nurtured, and ready for the next stage of their journey.

Welcoming Your New Baby with Dry Arch Children's Centre

Welcoming a new baby is one of life's most exciting journeys, but it also brings many changes and challenges. At Dry Arch Children's Centre, we're here to walk alongside you every step of the way.

Support Every Step of the Journey

Our highly trained staff work closely with the Western Trust Health Visiting team to provide guidance and reassurance for both expectant and new parents.

Programmes Designed for Families

We offer a wide range of antenatal and postnatal programmes, each carefully designed to nurture families from pregnancy through to parenthood:

Hypnobirthing – empowering techniques for a calm birth experience

Blossom and Bond – strengthening the parent-baby connection

Breastfeeding Support – practical help and encouragement for feeding journeys

Infant Massage – gentle touch to soothe and bond with your baby

Solid Start – guidance for introducing your baby to solid foods

Our Promise to Parents

Whether it's your first child or you've welcomed several, our aim is simple: to ensure you feel confident, cared for, and connected as you embark on this new chapter of life

For Baby Loss Awareness week the Dry Arch team and the White Butterfly Foundation invited local parents to a morning to remember all their babies that touched our hearts but could not stay with us.

Supporting Parents, Strengthening Families

Parenting programmes are vital because they equip caregivers with practical skills, emotional support, and confidence to raise happy, healthy children. They also strengthen family bonds and improve communication, helping parents feel empowered in their role.

The Family Support Team delivered a range of programmes, including: Building Better Boundaries, Surviving and Thriving in the Toddler Years, Fathers and Families and Neurodiversity Information Sessions

Making Parenting More Accessible

We understand that attending programmes can be challenging for busy parents. That's why we offer: creche services (where possible) to support attendance and parenting programmes online, allowing parents to join from the comfort of their own homes

Parent & Child Programmes: Building Bonds, Building Brains

Our Parent and Child programmes provide a unique opportunity for parents to actively engage with their children, fostering deeper bonds while supporting their developmental journey.

Community Connection Programmes

Our Play Development Team has delivered a vibrant range of programmes designed to nurture families:

Stay and Play with Me: Building Bonds – Building Brains, Mini Movers Programme, Power of Play – Pop Up & Stay & Sing with me.

Learning through play is essential—it helps children naturally develop cognitive skills, social confidence, emotional resilience & physical coordination. Play also builds creativity, problem-solving, language, and confidence, while strengthening relationships and overall wellbeing.

Supporting Children's Communication

Our in-house Speech and Language Therapist has delivered a range of workshops and information sessions designed to help parents support their children's speech and language development.

What Parents Gained

Through these sessions, families were able to:

- Learn practical strategies to encourage early communication
- Understand key stages of speech and language development
- Build confidence in supporting their child's learning at home
- Strengthen bonds through everyday interactions

Empowering Families

By equipping parents with knowledge and tools, these workshops ensure children have the best possible start in developing communication skills that are vital for learning, relationships, and wellbeing.

We Launched our Dry Arch Children's Centre WhatsApp broadcast channel. Parents/carers and families can now get the latest updates straight to their phones!!

Talk to me before I'm born...

Think of the bond we will form

This will help me to:

- Learn new things
- Interact with others
- Be more confident
- Make friends at nursery and school
- Develop more independence

Talking & singing to babies in the womb develops the attachment between parent or caregiver and the child. Babies learn a lot before they are born. At 16-20 weeks they can hear your voice and other sounds from the womb. At 24-28 weeks their hearts beat faster when they hear music & they will remember the music they hear in the womb when they are born.

Helpful tips:

- Talk, sing and play music to your bump
- Encourage close friends & family to talk to your bump too
- Rub your tummy when your baby kicks - this can become a 'conversation'

Words by one make talking fun...

copy my actions, sounds and words

This will help me to:

- Learn new things
- Interact with others
- Be more confident
- Make friends at nursery and school
- Develop more independence

By responding to your child's actions, sounds and words you open communication & turn taking, and this will help develop back and forth 'conversations' right from the new-born baby stage. Early 'conversations' may consist of smiling or a baby waving their arms and legs in excitement.

Helpful tips:

- When your baby is making noises and different expressions, look and listen to show you are interested
- Copy noises and expressions your baby makes, smile and talk to them - this will encourage them to keep making 'conversation'
- When your child tells you about their day, listen and ask them questions.

Condition Management Programme

IMPROVING HEALTH, WORK
AND WELLBEING

What is CMP?

The Condition Management Programme could help you if you have a health condition which affects your ability to work, return to work or to stay in work.

CMP is a voluntary programme facilitated by healthcare professionals, such as Occupational Therapists, Physiotherapists and Mental Health Nurses. Our aim is to help you to manage your health condition to enable you to stay in work, return to work or find employment.

Who is CMP for?

CMP could help you if, as a result of your health you are:

In Work but struggling to stay in work and need support in managing your health

Off Work for up to 12 weeks

On Benefits and not working at present

On other DFC programmes - e.g. Workable (NI) or Access to Work (NI) etc

Participation on CMP is entirely voluntary so it will NOT affect your benefits.

How will CMP help me?

Working together with the CMP healthcare professionals you will:

- Gain a better understanding of your health condition(s)
- Learn new ways of managing your health and wellbeing
- Increase your confidence to cope with health and work
- Improve your ability to stay in work, make a successful return to work, or progress towards work

What does it involve?

Initially a member of the CMP team will contact you by phone to discuss the programme and see if the timing is right for you.

If you both decide that CMP could be useful, then you will work together to agree an individual action plan specific to your health needs.

You may be offered 1:1 sessions in person, by phone or virtually and may also have the opportunity to participate in group workshops. The programme can last up to 12 weeks.

The programme offers advice, education and support on areas such as:

- Dealing with stress and anxiety
- Managing low mood and depression
- Coping with pain and fatigue
- Developing a healthier lifestyle
- Exploring potential options that will help support you to stay in work, return to work or help you find employment

How do I access CMP?

You can contact your local CMP office directly by phone or email.

You can ask to be referred by your Work Coach at the local Jobs and Benefits office.

You can also be referred by your GP or healthcare professional.

Building Resilience in Children and Young People

By Our Generation Co-operation Ireland Team

Follow

Online event

Jan 7 from 12pm to 2pm GMT

Overview

Delivered by Change Talks, this free training session will impart key information regarding how to increase resilience in children.

Resilience is an important skill that helps children cope with challenges and setbacks.

In this session, youth-facing staff will explore the key components of resilience, such as emotional regulation, problem-solving, and adaptability.

We will discuss strategies to support young people in building their resilience, including fostering a growth mindset, encouraging independence, and providing a supportive environment for them to express their emotions.

By empowering children with resilience, staff can help them navigate life's ups and downs with greater confidence.

Who is eligible?

Adults 18+ working with children and young people aged 9-25 in a professional or volunteer capacity. Includes youth workers, community workers, and practitioners.

About Change Talks

The Change Talks journey began in 2017, when Sam, then a staff nurse, witnessed the impact of mental health struggles first-hand. This experience fuelled his passion to make a meaningful difference.

Sam was motivated by a desire to prevent mental health issues and improve the

Online event

Jan 28 from 10am to 12:30pm GMT

Overview

Join us for a practical, CPD-accredited webinar on fuel poverty and its impact on physical and mental wellbeing in Northern Ireland.

Join us and **National Energy Action (NEA NI)** for a practical, CPD-accredited webinar exploring how fuel poverty and cold homes affect physical and mental health and you can do to help. Discover simple steps and resources to help households struggling with energy costs and cold homes.

This is the first of three CPD-accredited sessions that the Money Guiders NI Network will deliver in 2026 - helping you to build confidence and skills to support those most affected by financial and energy challenges

Who is this session for?

- Money guidance practitioners in the third, community, and public benefit sectors—if you're a volunteer or member of staff and talk to people about money in your role, this session is for people like you!
- Frontline staff and volunteers who talk to people about money, energy use, and wellbeing.
- Teams in advice, housing, health & social care, community development, and local government.

What to expect

- **Understand fuel poverty:** key definitions, risk factors, and who is most affected.
- **Recognise health impacts:** how cold, damp homes influence physical and mental health.
- **Apply practical support:** simple steps, resources and referrals to improve outcomes.
- **Strengthen conversations:** sensitive, confident money/energy chats that lead to action.
- **Q&A with NEA NI** plus resources to use with customers right away.

Who is this course suitable for?

Our 'Recognising and responding to economic abuse' course is aimed at a wide audience and is suitable for anyone who may encounter or support victim-survivors in their role. The course aims to equip professionals with the knowledge and skills to effectively identify and respond to this form of control.

16% of women in Northern Ireland experienced economic abuse in the past year, that's almost one in six.

What is the course format?

Developed and delivered by training experts, this training course is an engaging, interactive learning experience informed by victim-survivors' lived experience and based on current regulations and guidance.

Through group discussions and exercises based on relevant case studies, this course will increase learners' understanding of economic abuse and boost their confidence in responding to victim-survivors in real-life situations.

What will the course cover?

By the end of the course you will:

- Understand the impact, legal definition, and post-separation dynamics of economic abuse
- Identify & respond to signs of economic abuse, survivor disclosures, and abusive tactics
- Recognise the unique challenges faced by victim-survivors of economic abuse
- Gain practical tools, resources and supportive information to help you support survivors

Cost of living help – Fermanagh & Omagh District Council

Step 1: What's the problem?

I suddenly have no money

- Lost job/reduced hours
- Lost money/unexpected expense
- Disaster (e.g. flood or fire)
- Relationship breakdown
- Money stopped (e.g. failed a medical)
- Sanctioned - see option 5

See options **1 2 5 6**

I am waiting on a benefit payment/decision

- Made a new claim for benefit
- Benefit payment is delayed
- Waiting for a benefit decision

See options **1 4**

My money doesn't stretch far enough

- Deciding between food/fuel/mobile credit
- Low income or zero hours contract
- Statutory Sick Pay too low to cover costs
- Facing redundancy
- Not sure if eligible for support
- Change of circumstance (e.g. new baby/bereavement/illness/left partner)

See options **1 2**

I have debt

- Rent or rates arrears
- Gas or electricity
- Credit or store cards
- Personal loans and overdrafts
- Owe friends and family
- Benefit repayments

See option **3**

Step 2: What are some options?

1 Discretionary Support

You may be eligible for grants and loans including Discretionary Support, Universal Credit Contingency Fund Short-term Living Expenses Grant and Social Fund Budgeting Loan.

2 Maximise Your Income

Anyone who is struggling financially can get a benefit check and speak to an advisor for free and confidential advice.

A **benefit check** can ensure that you are receiving all the money you're entitled to, especially if your circumstances have changed recently. Speaking to an advisor could also help you manage your gas and electricity bills and **make sure you're not missing out** on things like school clothing grants or free school meals.

3 Debt Advice

Debt can happen to anyone. Free advice and support can help you find ways to manage your debts and reduce how much you pay each month.

4 Benefit Advance

If you have made a new claim for benefit and are in financial hardship while you wait for your first payment, you may be able to get an advance to afford things like rent or food. It's important to get advice before taking out an advance. Benefit advances must be paid back, and the money will be taken from your future benefit payments (a loan).

5 Hardship Payment

If you have been sanctioned, you may be able to request a hardship payment from the Jobs and Benefits Office. Hardship payments are not always paid immediately, and they're not available to everyone. Hardship payments of Universal Credit need to be paid back (a loan), but hardship payments of Jobseeker's Allowance or Employment Support Allowance do not (not a loan).

6 Challenge a Decision

You can challenge a benefit decision if your benefit has been stopped / sanctioned / reduced / refused or you have been overpaid. Most benefit decisions need to be challenged within one month.

Step 3: Where can I get help with these options?

Budgeting and money advice

[Home](#) > [Cost-of-living pressures](#) > [Budgeting and money advice](#)

Financial pressures have knock-on effects on all aspects of your life. Luckily, there are lots of organisations who can help you manage your household budget and deal with your debts.

Balancing financial worries and mental health

Be honest about your financial situation. Do you feel like you're in charge of your finances or are things getting out of control?

Pay attention when you're spending money. It may help to use cash, instead of contactless, to pay for things as this is a visual reminder of what you're spending.

Open letters and emails from your bank, building society and any companies you owe money to. This can be difficult but ignoring the problem doesn't make it go away.

[Get advice.](#) It can be difficult to deal with money issues by yourself. Money advisers can help you take the steps you need to regain control of your finances.

Budgeting first steps

Get an idea of your finances. Do you know how much you earn and how much you spend?

Go through your bank account statements and make a list of all your income and your expenses. There are [budgeting tools online that can help you do this](#).

Your budget can be a really helpful starting point if you later speak to a [money and debt adviser](#).

Dealing with debts

Some debts are more important than others. These priority debts are ones that have the biggest impact on you if they remain unpaid.

Your priority debts include housing costs like rent, mortgage and rates. But payments towards car loans and court fines can also be priorities if not paying them means you'll lose your only mode of transport or go to prison.

A [money and debt adviser](#) can help you prioritise your debts, guiding you as you come up with a plan to discharge these debts and work out ways to keep other creditors off your back.

Organisations who can help

There are lots of voluntary organisations across Northern Ireland who can help you deal with money, benefits and debt. They'll do this free – you should never pay someone for debt advice.

- [Advice NI](#) can help you with benefits, money and debt
- [Stepchange](#) can help you manage your debts
- [Make the Call](#) can check if you're eligible for more benefits
- [Housing Rights](#) can help if you are struggling to pay your rent or mortgage
- [Local advice agencies across Northern Ireland](#) can help with benefits, debt and community issues

Getting the right advice

Northern Ireland has brilliant [advice agencies](#) who can talk to you about benefits, debt and money problems free of charge. You should never have to pay a private company for this kind of help.

It can be tempting to look for loans when you don't have a lot of money but do have a lot of expenses like school costs, utility bills and Christmas to think about.

Short-term loans and doorstep lenders can seem like a good idea but you can end up paying back a lot more than you borrowed, especially if you're only making minimum payments. Get money advice from specialists like Advice NI before taking out any loans.

Never borrow money from [illegal money lenders](#).

Money and mental health

Mental health can change the ways in which you deal with money. And money problems can affect your mental health in the following ways:

- You're unable to afford to pay for the things you need to stay well, like journeys to counselling or treatment
- You have trouble sleeping
- You feel anxiety and panic
- You neglect important social relationships and hobbies
- You make poor decisions about your money, which can lead to you feeling worse

Contact our [Advocacy for All service](#) if you are worried about money and mental health, and need help having your voice heard.

Parent/Carers and Autism Service staff*

Early Intervention

The Early Intervention Service is the crucial first step in your journey within our team. We aim to provide support, advice and intervention to you and your family in a timely fashion while recognising your child's individual strengths.

What Now

You are required to book onto the first information session at your earliest opportunity. This session will last approximately 1 hour and will focus on: what your journey through this service may look like, information on what is available to you now, how we can help you support your child and links to external supports and agencies.

Please contact your local office to book your place (see overleaf).

Following this session you will have the opportunity to avail of a wide range of other specialist supports.

What we can offer:

- Group intervention
- Family intervention
- Training
- Advice, support and signposting
- Useful resources

Assessment

This is the next step in your child's journey. This process is tailored to the individual needs of each child and their family and involves multi-professional specialist assessment.

This process may occur over a period of time and typically includes:-

- Completion of a neuro-developmental history if this has not been provided by the referrer or by another service which your child is known to.
- Assessments with your child to observe their social interaction, communication and behaviour.
- Liaison with or referral to other professionals or agencies involved with your child.
- School and/or Home observations.
- In some cases a meeting will be arranged for all professionals who are involved in your child's care to share information as part of the assessment process.

We work with children and young people (7yrs -18yrs) affected by parental drug and/or alcohol misuse. We work directly with the child or young person through therapeutic mentoring, individual counselling, creative play-work and family support. We also offer telephone and online support via ZOOM and WhatsApp. In addition we support the substance misusing adult with brief one-to-one sessions and support to engage with local addiction specialist services.

We are funded by the Public Health Agency to cover the Western Trust Area and have an office in Derry/Londonderry. We see children/young people in appropriate venues in Omagh, Strabane, Limavady, Dungiven and Enniskillen. Referrals can be received from all professionals, and from families with Social Service Involvement. Referral forms can be downloaded at www.start360.org

Vaping and Illicit Substances (Including Spice)

By ASCERT Training [Follow](#)

Online event

Jan 27 from 2pm to 4pm GMT

Overview

Learn more about vaping as a route of administration for illicit drugs.

This webinar is for the wider substance use workforce.

By the end of this session, you will be able to:

- Explain what vaping is, including motivations for use and possible harms
- Describe the types of substances that can be vaped
- Explain the "pros and cons" (from the individual's perspective) of vaping illicit substances
- Describe Synthetic Cannabinoid Receptor Agonists ("Spice"), including effects and risks
- Identify harm reduction strategies for people vaping and/or using spice
- Identify sources of support (signposting)

The training opportunity is available to build capacity across the workforce in Northern Ireland to have a better understanding of vaping of illicit substances in Northern Ireland. This training will also include reference to the vaping of spice as well alongside other potential substances.

This training is FREE to attend but registration is essential.

For key contacts

The 'Provoking Thought' course is for key contacts in a young person's life and aims to increase awareness and understanding of mental health issues, equipping them with the tools they need to support those within their care.

Key contacts include both teaching and non-teaching staff, as well as parents and carers.

The course will:

- Help you develop core skills to ensure best practice when working with young people and to better support their mental health and wellbeing.
- Provide guidance on how to access further help and information on mental health services.

Provoking Thought

Participants will:

- ✓ Gain knowledge and awareness about mental health.
- ✓ Acquire insight into the indicators of poor mental health and how to identify these.
- ✓ Develop a better understanding of what can cause anxiety in young people.
- ✓ Learn skills to support young people and improve their mental health, including how to help those experiencing emotional dysregulation.
- ✓ Discuss the importance of resilience and where this comes from.
- ✓ Explore the main stressors for school staff and learn about the importance of self-care and resilience, including tips for stress management.
- ✓ Become proficient in signposting others to sources of mental health support.

Learner requirements: None.

Time scale: Two hours – at a time convenient to you.

Group numbers: 8–30.

This course will involve a mixture of learning slides and audience participation, along with group work and exercises.

- Everything shared in this course is confidential.
- All participants will show respect to others.

Thriving Mind – resources for well being

There is no question, stress levels for our workforce, our communities, schools and families remains high for a lot of people.

What can bring practical tools and resources that have been shown be effective to support well-being?

The Thriving Mind Home Page is a page Tiger platform with links to well-being resources in one place to increase accessibility.

Some of the tools are written resources. Some are visual media clips. Some are on-line interventions that are free to use at the users pace.

There are short clips for relaxed breathing, an introduction to mindfulness, calming skills, the revised Dealing with Worry Booklet, four online interventions including Self-compassion and Bend Don't Break and more.

It is not a one size fits all. Have a look and decide what would be helpful for you, your work or your own well-being. If you do find something useful, please let us know.

<https://view.pagetiger.com/thrivingmind>

Led by Ed Sipler of South Eastern HSC Trust, the development of Thriving Mind tools has involved a range of partners and service users.

SAMARITANS

Finding support, viewing and sharing suicide or self-harm content online

The internet can be a place to find support around suicide or self-harm. But there are some risks involved. Use this guide to help you check how you're feeling and find ways of using the internet that keep you and others safer.

We want you to feel like you can ask anyone for support with what you see and do online. No one needs to feel ashamed of their internet use around this topic.

“ I treat the internet like a relative – sometimes it's just what I need and sometimes it's toxic. ”

Person with lived experience of internet use relating to suicide and self-harm.

How do I check if my internet use is helping me or not?

You could try...

...thinking about how it makes you feel.

Are you finding what you're doing comforting, or does it make you anxious or distressed? If you aren't sure, making a diary or notes about how you feel can help.

...thinking about what you're looking for online.

Are you looking for shared experiences, or people who understand what you're going through? Are you looking for opportunities to support other people? Ask yourself if you're getting what you need from it.

...taking note of how your reactions to things online change.

Seeing self-harm and suicide content regularly can start to change the way you think of them. If you see a lot of graphic images or descriptions, you can become more used to them. Some of what you see might make it feel like self-harm and

suicide are effective ways of dealing with difficult feelings. These changes can happen without you noticing. But stopping to check how you feel can help you realise how you're being affected.

...double checking that you can easily

take a break. This could mean changing app or page, or moving away from the screen for an hour or two. It doesn't mean giving up your internet use. But if you find it hard to walk away when things get toxic or upsetting online, then you may want to create a plan to do things differently.

Using online tools to stay safer

Do you know the tools you can use to have more control of your online experience?

Here's a quick checklist of things you can do if something is upsetting you online. You can...

- make your account private
- unfollow or mute other accounts
- block a user from contacting you
- use keywords or #hashtags to hide certain content from your feeds
- find the community guidelines and decide if you agree with them
- report content or user behaviour that worries you

Handouts | Internet, Suicide and Self-harm

Finding support, viewing and sharing suicide or self-harm content online

SAMARITANS

Are you posting and sharing things about suicide or self-harm online? It's important for you to think about how it affects you and how it could affect other people.

It's helpful to...

...ask yourself why you're posting.

For example, you might want to raise awareness or you might be looking for support. If you know what you're aiming for, it can help you read what you've written and decide if it works.

...use a content warning. This helps people who want to avoid all mentions of a topic, even supportive or helpful ones. For example, you could write 'Content warning – this post discusses suicidal feelings.'

...think about the words you use.

Try to use phrases like 'ended their own life', rather than 'committed suicide', which can stigmatise suicide. Don't use language that suggests suicide is quick, painless, or a solution to a problem.

...share messages of hope and recovery.

Research shows that positive stories about overcoming a crisis can encourage other people to seek help.

...link to support services often. You could encourage people to reach out for help from one of the services below.

Try to avoid...

...sharing methods people can use for ending their own life, methods for self-harm or methods for hiding self-harm from other people. Research is starting to show that these things can lead to people copying what they see or read.

...sharing graphic descriptions or images of self-harm or suicide. Lots of people with similar experiences have told us that this can be very distressing.

...sharing things that use language that is unhelpful or insensitive, such as when an article makes suicide seem like the right choice. It can feel like you need to share problematic things to call out how bad they are – but try to resist.

Don't worry if you've shared things like this in the past. Think about whether they're still being viewed. If they are, you might consider whether you still want them on your feed, and delete or make them private.

Look after yourself

Practice being able to step away from upsetting or distressing content by changing to another app or going to make a drink. Spend time on the kinds of self-care that work best for you. Use the Samaritans App for ideas.

selfhelp.samaritans.org

Get support from other people

Health professionals, family and other people you can talk to might not understand the internet as well as you do. But talking to them about your internet use can still help. Samaritans have resources that you can share with them to help them have good conversations with you. **samaritans.org/internet-safety-practitioners**

What is the PEACE of Mind programme?

The PEACE of Mind Programme is an interactive, fully funded personal development initiative designed to enhance emotional resilience, coping skills, and overall mental wellbeing in young people.

Delivered by Inspire Wellbeing Youth Facilitators, the programme is tailored for individuals aged 14 to 25 years who would be considered marginalised or at risk. Young people can engage in the programme through self-referral and existing community engagement or they can be referred by CAMHS, MHAC, CMHT and/or GP Federation.

Why Choose PEACE of Mind?

- No cost to you—the programme is fully funded.
- Supports your commitment to nurturing young people's wellbeing and personal development.
- Provides young people with practical tools to take ownership of managing their emotional wellbeing.

Programme Overview

- Age Groups: Post-Primary (ages 14-17), & Young Adults (ages 18-25)
- Session Duration: 1 to 2 hours, adaptable to fit your sessions.
- Delivery Format: Delivered in person by experienced Youth Facilitators, using interactive groupwork and discussion based activities to engage participants.

Key Focus Areas:

The programme is delivered over 6 sessions, each focusing on a key area of personal development:

- **Getting to Know You:** Exploring identity, who we are and celebrating ourselves.
- **Coping Skills:** Learning practical strategies to manage life's challenges and protect our mental wellbeing.
- **Building Resilience:** Adapting to change, recognising our purpose and improving self esteem.
- **Building Relationships:** Importance of connection, building meaningful and safe relationships, exploring our circle of influence and support.
- **Social Media:** how to create a safe space for online presence, influence and activity. Exploring harm reduction and informed choice to manage risk.
- **Moving Forward:** How do we take our learning forward to maintain ownership of our emotional wellbeing beyond the programme. What is there after this?

Mood Matters Parent and Baby ©

This is delivered to expectant mothers and parents of babies under 3 years of age . It has similar content to the Mood Matters Adult programme but focuses very much on the issues affecting this particular target group. There is a strong emphasis on looking after the mental health of both the parent and the child.

The programme features videos of parents discussing their experience of depression during and after pregnancy, including the help they got and what they do now to look after their mental health.

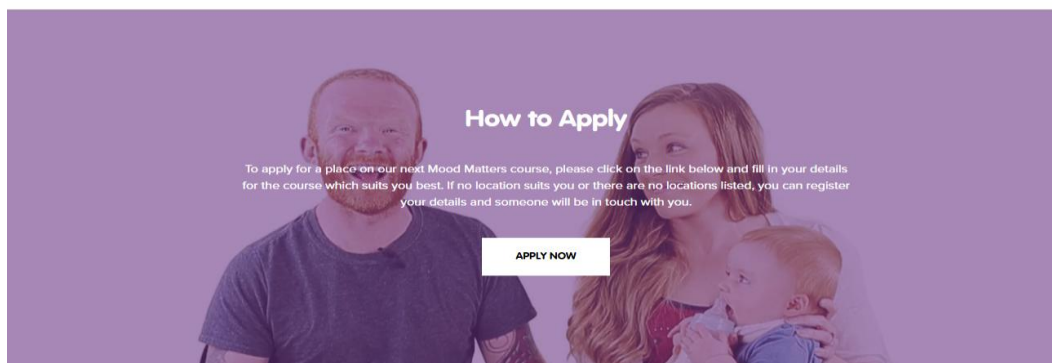

It also features information from professionals about recognising the signs and symptoms of a mental health problem or mental illness, where to get help and simple

self-help strategies to maintain good mental health or recover from illness.

There is also a practical demonstration of how simple mindfulness meditation can help parents feel more relaxed and better equipped to enjoy parenthood.

Programme content includes:

What is Mental Health?	Things that affect mental health
Mental health problems and mental illness – during and after pregnancy	Signs and symptoms of stress
Signs and symptoms of depression including depression relating to pregnancy	Looking after your and your baby's Mental Health
Where to get help if you need it	How AWARE can help

Trauma Informed Toolkit

An implementation resource to embed a trauma-informed approach within organisations and systems.

To register for an in person toolkit implementation workshop in your area or to access the dates and venue options please [click here](#).

This toolkit is designed to help leaders, workforces, services and organisations on their journey to implement a trauma informed approach across policy and practice. Based on local and international evidence, it offers in-depth insights from those with lived experience. It is infused with cross sector examples and local research, and it provides a checklist for organisations to measure progress. It aims to complement existing organisational priorities, driving improvement, innovation and sustainable change.

Section 8: Emotional Wellbeing and Mental Health Support

Trauma Informed Toolkit

The online toolkit is divided into six sections

Section 1 – Setting the scene

An overview of the context and how to use the toolkit

Section 2 – Key concepts

A definition of trauma, trauma informed organisations and approaches

Section 3 – Six principles

A summary of the **six trauma informed principles** (safety, trustworthiness, choice, collaboration, empowerment and inclusion)

Section 4 – Evidence & examples

A summary of international and local evidence, including case studies and examples of trauma informed approaches across a range of organisations

Section 5 – Organisational checklist

A summary and organisational checklist, based on **ten organisational focus areas**

Section 6 – Library

A suite of resources to help you on your journey, including references

The toolkit is free to download below and the checklist can be used as an interactive workbook to chart developments. Interactive links are embedded into this toolkit, so it is best viewed on a large screen device e.g. PC or laptop rather than a mobile device. As this toolkit will have periodic updates, the current version will always be available via this link. We ask all organisations to share and download the resource from this website only.

Section 8: Emotional Wellbeing and Mental Health Support

Trauma Informed Organisations Workshop

The link between policy and practice needs to be consolidated as part of the development of a trauma informed organisation or system.

Policy makers/reviewers should be:

- knowledgeable regarding the prevalence of adversities and trauma in our population
- informed regarding how policies contribute to healing and recovery, and by avoiding retraumatisation, support resilience
- ensure that those who implement policies and those who are impacted by policies, are meaningfully involved in their development / review

Who should attend: those with a role in creating/reviewing policies and strategies.

What is involved: a practical approach to reviewing and writing policies and strategies using a trauma informed lens.

Where is it: Bishop Street Community Centre, Derry. BT48 6XQ

When is it: Thursday 26 February 2026, 9.30am to 4pm

To register please RSVP Sheina.Rigg@hscni.net

The Emotional Wellbeing Teams in schools introduce their resources.

Whether you're a student, parent, or school staff member, you'll discover practical tools and activities designed to support emotional health and wellbeing. Come explore these valuable resources and learn how they can make a positive difference in your daily life. Let's work together to create a happier, healthier school community!

	What is EWTS (Emotional Wellbeing Teams in Schools) EWTS is a programme of support for post primary schools. The main focus of the Framework is to provide overarching guidelines to support those working in educational settings to help them promote emotional wellbeing and strengthen self-esteem and resilience in children and young people.
	EWTS A4 Poster for Schools Poster for Schools providing information about teams, getting involved and emotional wellbeing champions
	EWTS Information Leaflet The Emotional Wellbeing Teams in Schools (EWTS) programme is part of the implementation of the Children and Young People's Emotional Health and Wellbeing in Education Framework.
EWTS RESOURCES	
	Understanding Anxious Feelings Leaflet available in a number of languages for Parents and Carers for understanding Anxious feelings, what happens to the body and what might help
	Emotional Based School Non-attendance (EBSNA) and School Based Anxiety Parental Guidance and support on what is EBSNA, reasons for non-attendance, signs to look out for, caring and coping strategies and support. Rather than using terms like 'school refusal', or thinking of non-attendance as a deliberate act of defiance, the term EBSNA recognises that this avoidance is a complex issue inseparably linked with emotional, mental health and wellbeing issues
	Building Healthy Relationships - Your Relationship with You Self-esteem is how we think, see and feel about ourselves. Good self-esteem means that we feel good about ourselves and confident in who we are and what we can do.
	Building Healthy Relationships - Friends The quantity of friends that you have is not as important as the quality of friendships that you have. The better the quality of friendship, the closer of friends you are likely to be...
	Building Healthy Relationships - Healthy Vs Unhealthy People with healthy, positive and supportive relationships are more likely to be happier and healthier. Creating and maintaining good connections with others can also help to combat loneliness and improve mental health issues, such as stress and anxiety.
	Building Healthy Relationships - Social Media (English) Poster provides information on the pros and cons of social media, questions to consider before posting and tips and advice about your emotional wellbeing
	Building Healthy Relationships - Social Media (Translated) Poster provides information on the pros and cons of social media, questions to consider before posting and tips and advice about your emotional wellbeing
	Calm Cards This resource has been designed for those who work with young people in post primary schools. The proposed use is to print this document double sided onto card, making wallet sized visual prompts re: wellbeing strategies for both staff and pupils.
	Exam Stress E-Posters for Students providing tips for exam prep and lots of tips for self care, Posters available in 9 languages
	Dealing with Feelings - Staff Resource Education is a demanding profession that offers substantial rewards while simultaneously posing physical and emotional challenges. Staff are a school's most valuable asset and therefore it is imperative to provide robust support for their emotional and overall well-being. This resource pack is designed to assist school staff to support their own emotional wellbeing and that of their students.
	CAMHS Referral Process Poster The Emotional Wellbeing Teams in Schools (EWTS) is a Step 1 CAMHS service focused on health prevention & promotion. EWTS work in schools to help create a whole school approach for emotional health and wellbeing. This poster sets out the referral pathway for CAMHS
	Discussing Self Harm A webinar for parents recorded by Emotional Wellbeing Teams in Schools to provide advice and support for parents whose children may be self harming.

OUR Generation: Spaces to Be

PlayBoard NI, the lead organisation for the development and promotion of play is delivering *Spaces to Be* – an innovative, cross-community and cross-border personal development programme supporting peacebuilding for children and young people.

Spaces to Be is a unique and interactive initiative designed to enhance the mental health and well-being of children aged 9 to 11. Rooted in the advocacy of the *Child's Right to Play*, the programme aims to:

- Increase mental health literacy
- Enhance emotional resilience
- Develop self-help and coping skills
- Encourage inclusivity and acceptance of difference
- Increase knowledge of community

Programme overview:

- A free, fully facilitated programme delivered by PlayBoard's experienced staff team
- Interactive staff training
- 5 dynamic play-based sessions for children

Play sessions themes:

1. **ME (Mind & Emotions)** - Exploring emotions, promoting positive physical and mental health, well-being and resilience, through play.
2. **ME and My Connections** - Exploring problem solving, empathy and intrapersonal skills.
3. **ME, My Connections and My Community** - Supporting children to consider the multiple social groups they are part of, and how they contribute to building peaceful communities.
4. **Better Together** - Supporting children to consider a range of perspectives and have positive attitudes towards other communities.
5. **Better Together Celebration** - Celebrating the power of play and how it can promote peacebuilding on a cross-community basis.

A Trauma Informed Approach: A Workforce Development Training Manual

The Trauma Informed Awareness Training Manual and online modules have now been revised and updated, reflecting our commitment to continuous improvement and ensuring that our resources remain current, relevant, and effective.

The updated materials include the integration of new research and statistics from Dr. Colm Walsh and his team's Adverse Childhood Experience prevalence study in Northern Ireland. It also reflects a shift in language and focus, placing greater emphasis on the role of positive childhood experiences and nurturing relationships in building resilience and supporting recovery. This strengths-based approach highlights healing and hope, aligning with emerging evidence in the field.

(Click on this image to access this research)

150 TIP trainers have now attended update sessions and received their new manual.

The updated online modules are now available on the Trauma Informed Approach section of the SBNI website or by clicking on the front cover image on this page.

UNDERSTANDING YOUR CHILD

SOLIHULL APPROACH

What is the Solihull Approach©?

The Solihull approach is an evidenced based and widely recognised treatment programme developed for practitioners who work with children and families. The Solihull approach uses already established evidenced based theories i.e., child development, psychoanalytic and behaviourism in a programme approach to develop understanding of children's brain development, interactions, and management.

The Solihull approach team have developed online mental health resources for families covering a vast area including understanding relationships, trauma and courses for teenagers.

There is no cost for these courses due to the PHA paying for the licence.

Please check these courses out and recommend to families you support

In addition to this we have new resources for schools including a new award system. This accreditation process showcases the excellent work that schools are doing to support the mental health and wellbeing of their pupils and staff

REDUCING PARENTAL CONFLICT

The Solihull Approach to reducing parental conflict

As evidence increases to show how frequent, poorly resolved inter-parental conflict can impact children's mental health and long-term chances, support for parents must be easily accessible and non-stigmatised.

Some level of arguing and conflict between parents is often a normal part of everyday life. Indeed, resolving disagreements is an important life lesson children often learn from parents and other significant relationships.

The Solihull Approach is about understanding relationships, a central theme to all our training, courses, and resources. Supporting parents and carers from as early as pregnancy and throughout their developing journey as parents, we help people to read behaviour as communication, to understand their own feelings and wellbeing, reflect on how they express these feelings, and to learn about rupture and repair. Furthermore, the Solihull Approach is grounded in psychoanalytic theory and evidence and, therefore, teaches about the impact of ongoing intense and poorly resolved relational stress on the developing brain, supporting self-reflection through a range of learning techniques to develop conflict resolution skills.

Tailored parental conflict resources

Understanding your relationships: online course

Designed to be accessible to all parents and adults to support an understanding of the mechanisms underpinning relationships, this course includes modules on a range of issues relating to inter-parental conflict resolution.

Understanding your relationships focuses on:

- Emotional intelligence and self-exploration: understanding your own needs and communication style while recognising others to build meaningful connections
- Communication and containment: understanding how to get what you need while also fostering active listening skills
- Conflict resolution: developing strategies to manage conflict and control anger or frustration and repairing when things go wrong
- Parenting and relationships: exploring parenting and childhood to understand how early experiences shape emotional health and resilience
- Practical support: ideas and approaches to help you get the best out of yourself and others

Additional supportive guidance and resources are signposted throughout to support those who may identify the need for more personalised or specialist support.

The online course is delivered through 11 modules broken down into manageable units and is designed to support a range of learning styles. Like all the courses on [inourplace](http://www.inourplace.co.uk), it is completely private, followed at the learner's own pace. It can also be used as a scaffold for 1:1 Early Help work with a practitioner or coordinated as a hybrid group that enables a small group to study privately and come together to discuss in a supportive environment.

Topic/s	Digital Wellbeing

Parentline NI has launched a special three-part youth-led mini-series produced by Children in Northern Ireland (CiNI) in partnership with the NSPCC.

Be Cyber Safe NI is a new advisory group of young people, aged 13–17, from across Northern Ireland. They explore issues like online privacy, harmful content, AI, and mental health, and share their views directly with parents, policymakers, and professionals. [Find out more here.](#)

Through this takeover series, the group takes over the Parentline NI Podcast feed to share what life online really looks like from their side of the screen – honest, personal, and sometimes challenging conversations designed to help parents understand the digital world through young people's eyes.

Episode 1 - "Speaking Up"

Hosts a conversation about why young people often find it difficult to tell parents when something goes wrong online. The episode explores fear, embarrassment, and trust – and practical advice about what actually helps when young people need support.

Also in this podcast series

Another episode looks at how families and schools are navigating smartphones and screen time, with expert advice from Smartphone Free Childhood NI, Lisneal College, and online safety specialist Wayne Denner.

Safer Internet Day 2026: Free Webinars for Educators in Northern Ireland - Safeguarding Board for Northern Ireland

Type of Resource	Webinar
Publication Date	November 6, 2025
Topic/s	Artificial Intelligence and Emerging Technologies

Safer Internet Day 2026 takes place on Tuesday 10 February with the theme:

"Smart tech, safe choices – Exploring the safe and responsible use of AI."

This UK-wide campaign is the biggest celebration of online safety. This year's focus is on how AI impacts our lives, exploring its benefits and providing advice to help everyone use AI safely and responsibly.

The UK Safer Internet Centre offers free resources in English and Irish for schools and youth groups, covering topics from voice assistants and chatbots to ethical considerations in AI use. There are also tips for parents, carers, and grandparents on talking about AI and encouraging safe, responsible use of technology.

In January 2026, the UK Safer Internet Centre, together with SBNI and the Education Authority, will host two free webinars for teachers and professionals.

These sessions will introduce the Safer Internet Day 2026 campaign and share practical ways to get involved in schools, colleges, and youth settings. Led by online safety experts from Childnet (part of the UK Safer Internet Centre), the webinars will highlight the role of preventative education in safeguarding young people and showcase official resources for ages 3–7, 7–11, 11–14, and 14–18, with guidance on adapting materials for children with SEN.

Webinar for Primary Educators

Tuesday 13 January 2026, 3:30 - 4:15pm

Explore resources for ages 3 to 7 and 7 to 11, and suggested adaptations for using these resources with children with SEN.

Best for general mental health: We Can Do Hard Things

For this show, Glenn Doyle (author of the bestseller *Untamed*) joins her wife (soccer star Abby Wambach) and her sister Amanda Doyle to talk candidly about how we overcome hardships every day. **They cover everything from addiction and career trouble to taking care of parents and maintaining friendships, but in a way that is both honest and hopeful at the same time.** The idea is that by discussing these things out in the open it might empower someone else to push through difficult times. The tone is friendly, relatable and endearing so even when they're having tough conversations, the trio of hosts helps listeners feel at ease.
