Volunteering Opportunities

Volunteer Now has partnered with Be Collective to bring a dedicated online platform for volunteering to Northern Ireland.

The platform supports volunteers through the volunteering process and helps connect more people with a wider range of opportunities. There's lots of great features to Be Collective like messaging, making a profile, and being able to compile all your experiences, training and roles as well as the skills gained within a social CV. You can search and apply for volunteer roles below. If you can't find anything you like you at the moment – register now, then check back soon – new opportunities are added all the time!

HEALTHY MIND

Heritage 4 Health is here! We have an incredible new programme in collaboration with Strangford Lough & Local Partnership starting in September called Heritage 4 Health, which is aimed at improving your health and wellbeing through environmental heritage. Included in this free 20 week programme will be a Strangford Lough boat tour, front geese/bird watching, tree planting in Belamont Country Park, horse therapy with StableMinds in Portlerry, a guided heritage tour of Portlerry, a mental health session, shore foraging and outdoor cooking, a physiotherapist session and so much more. Please contact Allan on 07518378428 or email allan@peninsulahealthyliving.org for more details and a registration form. Let's learn our heritage whilst improving our health.

Schools on the breadline! Our initiative to supply loaves of bread every week to local schools has ended. We were able to supply over 800 loaves of bread, along with milk, pancakes and muffins to our great friends at Victoria PS, Kircubbin Community Nursery and St. Mary's PS, helping their hungry pupils get through the day by providing healthy and nutritious snacks for them, whilst also hopefully taking some financial burden away from parents. We were also able to supply some much needed food and equipment to Glashy College along with mental health ladders to Victoria PS.

HEALTHY BODY

Do you have a health related condition that could benefit from regular exercise, under the guidance of a qualified exercise professional? If so, then maybe our amazing GP referral Healthwise Scheme is for you. This programme helps individuals manage and improve their health conditions while offering support and motivation for people to become and remain physically active. Within the programme you will receive 12 weeks free membership, access to mainstream fitness classes and gym access. For more info on this incredible service please contact us on 02842739021 or email info@peninsulahealthyliving.org.

What is the Healthwise Scheme?

Healthwise is a unique programme that offers individuals with a health condition the opportunity to improve their health and wellbeing through regular exercise, under the guidance of a qualified exercise professional. The programme includes 12 weeks of free membership, access to mainstream fitness classes and gym access. The 12-week scheme offers support and motivation for people to become and remain physically active.

Schools out for summer

No sooner are the schools off and we are already thinking about the kids going back in September. With the ever rising costs of uniforms we are going to try and make things a little bit easier for parents by offering a school uniform exchange, so if you have any good quality clean school jumpers, blazers, shirts, ties, shoes, trousers, skirts or even P.E. gear drop them into us here at Kircubbin Community Centre and we will offer them up for collection to anyone who may need them. Please ensure that the items are able to be reused, they are clean and from a local school, please keep an eye on our facebook page for more details. Thank you all and hopefully we can help just a little.

Family Support Hub Service

The Family Support Hubs provide early intervention family support services to vulnerable families and children aged 0-17. A Family Support Hub is a multi-agency network of statutory, community and voluntary organisations that either provide early intervention services or work with families who need early intervention services. The Hub accepts referrals for families who need early intervention family support and uses their knowledge of local service providers to signpost families with specific needs to appropriate services. The Hub also has a number of contracts with voluntary/community organisations who provide support on their behalf.

The specific purpose of Hubs is as follows –

- a. To improve access to early intervention family support services by matching the needs of referred families to family support providers
- b. To improve co-ordination of early intervention family support services by creating a collaborative network of community, voluntary and statutory providers
- c. To improve awareness of early intervention family support services

The Hubs look at the needs of families and work to match families' needs to the best possible service or services that can help.

The Hubs cover all of South Eastern Trust area.

Domestic Abuse; Operation Encompass

Operation Encompass;

Operation Encompass was rolled out on Wednesday 17 May 2023, to the final tranche of schools, across the Belfast Trust area, meaning it is now fully operational across all 1162 schools and Education (Other Than at School EOTAS) centres in Northern Ireland. This follows its initial pilot launch in 2021 in Downpatrick and staged expansions to other districts across Northern Ireland since. The scheme is a partnership between the Police Service of Northern Ireland, the Education Authority, the Safeguarding Board of Northern Ireland and schools. If officers attend a domestic abuse call, and children are present, Operation Encompass allows the officer to pass on relevant information to the safeguarding team at the child's school the following morning, so the right support can be put in place. Across the previous areas within the Northern, Western, Southern and South Eastern Trust areas, police have attended 2121 domestic incidents with 3774 children exposed to domestic abuse from the start of the 2021 school year, until 30 April 2023. This has resulted in 3160 referrals being made by police to the designated teacher at the relevant school.

Who can Home-Start help?

Home-Start helps families who have at least one child under the age of five and who are going through a difficult time. We support families for many different reasons including:-

- Loneliness and isolation
- Multiple births or several pre-school children
- Ill health or disability of a child or a parent
- First time parenting
- Postnatal illness
- Family bereavement
- Relationship difficulties

Volunteer Support

Home-visiting volunteers are parents themselves or have parenting experience. They visit the family at home, usually once a week.

Volunteers are fully trained and are carefully matched with families. They also undergo a criminal records check to ensure the safety of children.

Volunteers offer practical help, a listening ear, help with keeping appointments, understanding, information on what else is available locally and an extra pair of hands.

Family Group

The Family Group complements the work of our home-visiting volunteers. It provides an opportunity for parents to have an enjoyable morning in a small group, to gain mutual support and make new friends. The children develop social skills as they play together in a safe and stimulating environment. If necessary, transport can normally be provided free of charge through a taxi service.

Wednesday mornings 10.00 to 12.00

Greyabbey – 9 Cuan Gardens, Greyabbey

Friday morning & afternoon sessions Newtownards – 2 Ann Street Newtownards (Upstairs)

Respite Playgroup

The Playgroup in Greyabbey premises which takes place one morning each week giving parents a break for 3 hours and allows children to mix and have fun with other children. The Respite Group can be offered to families living in the SureStart Ards Peninsula Areas also covering wider Newtownards & Comber area – Tuesday or a Thursday morning 10.30am-1.30pm.

Information Talks

From time to time talks take place within our Family Groups on various topics, for example Parenting/Self Esteem/Mental Health/Child Behaviour/Healthy Eating

Confidentiality

Parents choose whether or not to accept Home-Start support. Support is free and confidential. Personal information is not disclosed to anyone outside Home-Start without the parent's consent, except where there is a concern about the safety or welfare of a child.

Data Protection

Home-Start keeps factual and statistical information about all the families it supports. You can ask to see your family file at any time. Our records comply with Data Protection requirements. We tell the person who referred you to Home-Start that we have started supporting you and when our support ends.

What to do if I am not happy with my support.

If you are unhappy about any aspect of Home-Start we want to know and will do our best to put it right. You could talk to your volunteer, scheme manager or scheme administrator. If you still have concerns, then the trustees – the people who manage your local Home-Start – can investigate using our structured complaints procedure.

Teenagers and body-image: Top Tips

SUMMERTIME PARENTING

Encourage open communication

Create a safe and non-judgmental environment where your teen feels comfortable discussing body image concerns. Let them know that you are there to listen and support them without criticising or dismissing their feelings.

Promote a positive self-image

Help your teen develop a healthy & positive self-image by focusing on their strengths, talents, & achievements. Encourage them to engage in activities that they enjoy and that promote their overall well-being rather than solely focusing on appearance.

Challenge unrealistic beauty standards

Discuss with your teen the unrealistic beauty standards portrayed in media. Encourage critical thinking and help them understand that these standards are often unattainable and do not define their worth or value as individuals.

Encourage self-care

Promote self-care practices that contribute to your teen's overall wellbeing. Encourage them to engage in activities that promote physical health, such as regular exercise and balanced nutrition. Also emphasise the importance of self-care for mental and emotional wellbeing.

Teach media literacy

Help your teen develop media literacy skills to critically analyse and interpret what they see on media sources, especially social media. Discuss the impact of photo editing, filters, and digital manipulation.

Be a positive role model

Be mindful of the way you talk about your own body and avoid making negative comments. Embrace a positive body image yourself and model healthy behaviours. Remember that your own attitudes and behaviours towards your body can greatly influence your teen.

- **NSPCC PANTS UPDATE**

- As mentioned at the launch we welcome your ideas and lightbulb moments that could help us to increase the reach of this campaign in the south east. You can add these to the free comment section of the evaluation or contact me directly at john.mcbride@nspcc.org.uk or by calling 020 3772 9646. We are particularly keen to find out about family friendly community events over the coming months for Pantosaurus to visit and perhaps to organise a reading session with parents and children.
- Details of the Talk PANTS familiarisation sessions for professionals will be published soon and we anticipate these will run during September and October. These last 90 minutes and are the 'how to' element of the campaign.
- We will be holding special sessions for schools to promote our new school's Talk PANTS education resources in the autumn. (October – November)
- If you are planning a Talk PANTS event / discussion with children or parents, please get in contact if you require parent's books / guides, children's activity pack, or a Pantosaurus reading book (one per site).

If you are worried about a child and need support you can contact the NSPCC Helpline 0808 800 5000 (Monday to Friday from 10am – 4pm) or at anytime by emailing help@nspcc.org.uk

Before your child starts school, they usually get their vaccinations at your doctor's surgery or local health clinic.

The Child Health system or the doctor's surgery usually sends you the invitation to make a vaccination appointment.

Your child can get some vaccinations in school. The school will contact you before they give your child a vaccine.

If you have any questions, ask your health visitor, doctor, school nurse or a practice nurse in the doctor's surgery.

Regional Integrated Support for Education NI (RISE NI) is an early intervention service. Our aim is to help children enjoy, achieve, and learn to the best of their ability in school.

RISE NI supports children in mainstream schools by working closely with parents and education staff to help children develop the foundation skills for learning.

The multidisciplinary team supports children by:

- Working alongside the teacher in the classroom for whole class, small group or individual programmes
- Providing training to teachers to help them support pupils learning and development
- Supporting parents

The Team:

•**Team Co-ordinator**

•**Behaviour Therapists** – help children to develop and manage themselves in relation to their emotions, behaviour and self confidence

•**Dietitian** – helps to promote healthy eating choices

•**Physiotherapists** – encourage the development of movement, balance and co-ordination skills

•**Occupational Therapists** – help children develop their attention, fine motor (including handwriting), organisation and co-ordination skills

•**Social Workers** – support parents and children by providing advice and information to access appropriate services

•**Speech and Language Therapists** – help children develop their listening, understanding and expression of spoken language and speech sounds

•**Psychologists** – help children develop and maintain positive relationships, understand their emotions and cope with changes

•**Therapy Assistants** – help the other team members to carry out programmes with children

The Attachment, Bonding & Communication Parent Infant Partnership is a Specialised Parent infant Relationship Team which offers a home visiting service to families across the South Eastern H&SCT area.

The service focuses on improving Parent infant Relationships and creating stronger bonds and attachment in the First 1001 Days (pregnancy – age 2). This is achieved through 1:1 and small group work using a range of approaches.

The service has been developed through a strategic partnership between Barnardo's NI, South Eastern H&SCT and Tiny Life; supported by parent Infant Foundation. The ABC PiP Team also focus on the wider systems affecting infants and their families and how these can be changed/improved.

The
Community
Foundation

This programme is funded by the Department of Health's Mental Health Support fund and administered by the Community Foundation Northern Ireland.

Using Self Compassion to Improve Wellbeing *and* Support Growth

People in Northern Ireland do tend to be hard on themselves. Selfcriticism is rife. People tend not see strengths but dwell on weaknesses and mistakes. How does that contribute to well-being?

Self-compassion holds significant potential to help people achieve goals, improve wellbeing or address longer term chronic challenges.

A workbook with an introduction to self-compassion is available at <https://setrust.hscni.net/wp-content/uploads/2023/05/SELF-COMPASSION-BOOK-APRIL-2023-smallest-file-size.pdf>

There is a clear link between the amount of practice and lasting change. People have asked we create a visual means to access what is in the workbook, so we have created 11 clips to go along with the workbook. This is now on ASERT's website [Self Compassion | ASCERT](#)

Parents may ask, how do I help my children be more selfcompassionate? The leading thinkers behind self-compassion, Kristin Neff and Chris Germer suggest the best way for parents to teach it our kids is model it. Let them see us using it when we have struggles or make mistakes.

We hope you find this helpful.

Happy Smiles is an evidence-based programme which aims to improve the oral health of children in nursery education.

Research shows that three small steps can significantly improve child oral health. Brushing teeth and gums twice a day with fluoride toothpaste, reducing sugary foods and drinks especially between meals, and, regular check-ups at the dentist are the best ways of preventing dental decay and gum disease.

The three main elements of the Happy Smiles

Core Values

Ballynahinch Counselling Service recognizes that people who identify the need to address difficult issues in their lives by engaging in the counselling process are making a courageous and positive choice.

Ballynahinch Counselling sees the basic values of Counselling as being integrity, impartiality and respect.

We place the needs of all our clients at the centre of our practice.

We believe people in our communities deserve the best.

We value a creative approach.

We value partnership and team work.

"This has been a safe space to explore what it means to be me, I have been given tools to help me that I will continue to use. This is an excellent programme and has enabled change in my mental health."

PEER SUPPORT & WELLBEING GROUPS FOR PEOPLE WITH ANXIETY & DEPRESSION IN NEWTOWNARDS

An 18-30-year-old wellbeing group runs every other Wednesday & includes refreshments, mindfulness activity and supportive chat to promote better mental health.

A general 18 plus peer support group runs on the alternate Wednesdays & offers a chance to talk to those who understand what you are going through, in a safe, non-judgemental place.

**Wednesdays 7pm, IG Podiatry & Wellbeing Clinic,
69 Frances Street**

To attend either group, please email info@aware-ni.org

Monday—Friday 10.00 am—4.00 pm

Inspire's regional advocacy service will support people over 18 with mild/moderate mental health needs eg low mood or motivation, anxiety, poor coping skills, loss of control, stress, isolation, who would have no access to any other statutory commissioned advocacy support.

Advocacy seeks to support people to be listened to and have their views heard. It is concerned with empowerment, autonomy and self-determination, the safeguarding of citizenship rights and the inclusion of otherwise marginalised people. Empowerment, choice and information is critical for people facing mental health challenges because a lack of insight or sense of powerlessness can translate into low coping strategies, leading to demotivation, feelings of low self-worth, non-help seeking and difficulties accessing relevant services.

What we can provide:

- One to one support to resolve advocacy issues available to every person with mild to moderate mental health issues across Northern Ireland;
- Information and signposting for family members and carers;
- Access to i-connect, a unique digital wellbeing platform enabling participants to monitor and improve their mental health and wellbeing.

Referrals will be widely accepted, including from:

- Individuals;
- GPs and primary health and social care;
- Voluntary and community organisations;
- Local political representatives;
- NIHE, Probation Board and other relevant statutory services.

How to get in touch:

- A direct telephone referral line;
- An online enquiry form;
- Live web-chat;
- E-mail;
- Post;
- Advocacy drop in clinics.

One to One Advocacy Support

We will provide support to people with a wide range of advocacy issues:

- understanding mild/moderate mental health issues and how to engage the appropriate support;
- information and advice on accessing or navigating health and social care services;
- support to engage with health and social care professionals;
- support with physical health needs which impact on their mental health;
- support to formulate complaints to address health and social care concerns;
- facing increased life stressors which may have been aggravated by COVID-19 or symptoms of Long Covid;
- information on navigating the benefit system;
- struggling with housing, employment, debt or substance use issues;
- feeling socially isolated in relation to accessing services.

By creating an advocacy service for people at Steps 1 and 2, we broaden the scope of advocacy and peer support helping to develop resilience and self-help which is consistent with early intervention and prevention and reduces the need for more intensive mental health support services.

SAIL (Social and Independent Living) project
Empowering young people with additional needs

SAIL

What do we do?

SAIL (Social and Independent Living) project provides young people aged 16-30 with physical disabilities, mild to moderate learning disabilities, and allied conditions access to an interactive and fun learning experience.

This community-based programme helps young people build self-confidence and develop self-awareness and provides emotional and practical support during transition between adolescence and adulthood.

SAIL offers participants structured opportunities to develop or improve basic independent living skills and empowers them to live more independent and confident lives within their own communities.

Themes and activities include:

- Life choices – How these can impact on all aspects of living
- Keeping safe – Living in local communities
- Living a more independent life – Basic cookery skills, Housekeeping, Budgets and Responsibilities
- Personal awareness – Self-Awareness, Personal Safety, and Personal presentation
- Looking after Mental health – Coping Skills, Triggers and Distractions

Interested?

This 3-year programme launched in May 2021 and is suitable for young people with physical disabilities and allied additional needs aged between 16-30 years old.

SAIL is delivered across 7 local council areas and each 6-month long programme is FREE of charge to attend.

Cost of Living Guide

The cost of living guide continues to get high numbers of downloads and is being well shared on social media and through organisations intranets and newsletters etc.

We have also had a number of requests for the guide in different languages so it is available on the translation hub section of the cypsp website.

Who we are

The Northern Ireland Blood Transfusion Service exists to fully supply the needs of all hospitals and clinical units in the province with safe and effective blood and blood products and other related services. The discharge of this function includes a commitment to the care and welfare of our voluntary donors.

It is an independent, Special Agency of the Department of Health and is responsible for the collection, testing and distribution of over 55,000 blood donations each year. The Service operates three mobile units at nearly 180 locations throughout the province. Including headquarters, located on the site of the Belfast City Hospital, a total of almost 800 donation sessions are held each year.
