Ards Neuro Café

- AAND LPG are delighted to report on the success of our 3rd Ards & North Down Neuro Café
- Over 120 participants attended
- The Café was co-designed to provide valuable information and support for parents and carers of children with Autism and ADHD as well as those awaiting assessment.
- Those attending had the opportunity to engage with a range of information stalls hosted by 30 representatives from both statutory and community organisations.
- The event also featured interactive workshops for parents and carers, which offered practical advice and strategies to support families navigating these challenges. There was also a quiet space where participants could enjoy refreshments, thanks to GP MDT.
- Database of stall holders established to share with other Neuro Café hosts across the SE Trust thanks to GP MDT
- Next Neuro Café is hosted by Early Intervention Colin; in Brook Leisure Centre 1st October 2026 10am-12

Your Wellbeing Tools

Thrivng Mind is a source of well-being tools to support anyone looking after their well-being. They include short clips for relaxed breathing, an introduction to mindfulness, calming skills, the revised Dealing with Worry Booklet, and four online interventions including Self-compassion and Bend Don't Break and more. Try the QR code on the left or go <https://www.ascert.biz/thrivng-mind/>

Below are the 4 on-line self-help resources with workbooks that can be downloaded. They contain visual clips that help guide the viewer through the workbooks at their own pace. Scan the QR codes or copy the web addresses, they are all free and confidential.

Self-Compassion to Improve Wellbeing and Support Growth.

Bend Don't Break: Low intensity CBT based self-help to support resilience.

Using the Polyvagal Theory to Support Well-being.

Building our Children's Developing Brain for parents to help build their children's emotional regulation.

If you make any use of the written copies of the workbooks or the on-line version, your feedback will be invaluable. Each of the on-line links have an evaluation/feedback tab which is completely anonymous. Let us know if any of these tools are helpful. Thrivng Mind is ASCERT, the South EasternH&SCT and Western H&SCT with support from the Public Health Agency working together to support well-being.

A GUIDE TO HELP **YOU** ON YOUR JOURNEY THROUGH DISABILITY/ADDITIONAL NEEDS

For Parents by Parents

Feb 2025

We, as parents, have worked closely with statutory, community and voluntary services to develop this resource from US as an easy read guide for YOU, to help signpost you to information, advice and support that you as a parent may need on learning your child has additional needs/a disability. We cannot promise that this resource will meet every need of every parent but we have tried to produce an inclusive guide as best possible.

FAMILY SUPPORT HUBS

WORKING TOGETHER WITH FAMILIES TO CREATE POSITIVE CHANGE

What is the Family Support hub?

The Family Support Hub is a network of organisations working together to support families with children and young people up to the age of 18.

The hub helps families access right help at the right time before problems become more difficult to manage

We can help with

- Parenting Support
- Emotional well being
- behaviour or school concerns
- Family relationships
- Connecting you with local support services

Support focuses on early help, building resilience and strengthening families

 **South Eastern
Family Support Hubs**

How does it work?

- A referral is made to the family support hub
- Partner organisations review the family needs
- the most suitable support service is identified
- families are connected to the help they need

Need Support?

- Referrals can be made directly by the family however if you don't feel comfortable doing so speak to your school, GP, health visitor or directly to your local family support service about making a referral to the family support hub
- South Eastern Family Support Hub telephone 028 9250 1357
- Email: familysupporthubs@setrust.hscni.net

The Power to Change

You have it. They have it. We all have it. The Power to Change.

This is the strapline of a new campaign launched today in collaboration with the Department of Justice and the Executive Office.

Men and boys across Northern Ireland are being asked to check and change their attitudes, beliefs and behaviours towards women and girls. Challenge their peers and have the confidence to step in safely to put a stop to behaviour that might put their friends at risk of offending.

Change is needed now.

The campaign will highlight two important elements:

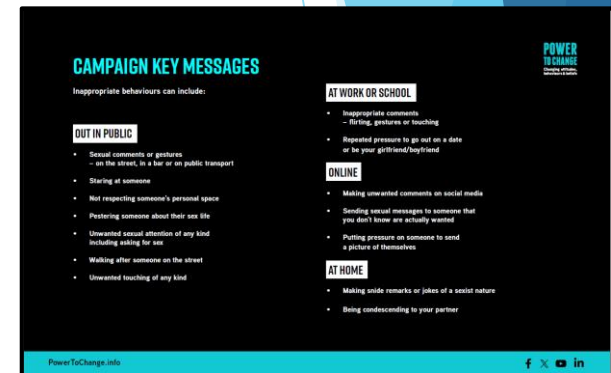

Challenging attitudes & behaviours – calling on men to consider their responsibility and how their actions affect others.

“Active Bystanders” – empowering men and the wider community with the knowledge and skills to safely intervene when they see someone carrying out inappropriate actions or making unwanted comments.

A series of graphics and four scenario based videos will showcase from 29th January on social media through targeted ads aimed at men and boys. It will also be visible in local communities on buses, in washrooms of hospitality venues, digital posters, billboards and across the entire police estate.

A dedicated website has been developed to support this campaign:

Regional Integrated Support for Education NI (RISE NI) is an early intervention service. Our aim is to help children enjoy, achieve, and learn to the best of their ability in school.

RISE NI supports children in mainstream schools by working closely with parents and education staff to help children develop the foundation skills for learning.

The multidisciplinary team supports children by:

- Working alongside the teacher in the classroom for whole class, small group or individual programmes
- Providing training to teachers to help them support pupils learning and development
- Supporting parents

The Team:

•**Team Co-ordinator**

•**Behaviour Therapists** – help children to develop and manage themselves in relation to their emotions, behaviour and self confidence

•**Dietitian** – helps to promote healthy eating choices

•**Physiotherapists** – encourage the development of movement, balance and co-ordination skills

•**Occupational Therapists** – help children develop their attention, fine motor (including handwriting), organisation and co-ordination skills

•**Social Workers** – support parents and children by providing advice and information to access appropriate services

•**Speech and Language Therapists** – help children develop their listening, understanding and expression of spoken language and speech sounds

•**Psychologists** – help children develop and maintain positive relationships, understand their emotions and cope with changes

•**Therapy Assistants** – help the other team members to carry out programmes with children

Connecting people with
useful information

A Library is a World of Discovery

There is plenty going on in your local library for you and your children to enjoy.

You can:

- read and borrow books,
- access free Wi-Fi and study space,
- use library computers,
- find out information and
- take part in social activities all for free.

Our libraries have books for children and young people of all ages and abilities.

From board and picture books for our very youngest readers, easy readers to help children learning to read, to a large selection of fiction and non-fiction books to help develop your child's curiosity and love of reading as they get older.

Joining the library is free and no-one is too young to join. Our friendly and welcoming staff will be pleased to see you and are always happy to help you and your family whatever your needs.

Go-to for Emotionally Based School Avoidance

Emotionally Based School Avoidance (EBSA) refers to difficulty 'in attending school due to intense, adverse emotional factors. It is estimated to affect 1-5% of school-age children and is more prevalent in secondary schools.

Mayne, S. et al. (2015). Differentiation between school attendance problems: Why and how? Cognitive and Behavioral Practice

School Avoidance

School avoidance is different from truancy (skipping school) and school refusal or being kept home by parents.

In school avoidance, the child may want to go to school but feel they can't because of anxiety and emotional distress.

School Avoidance Cycle

Once anxiety manifests, children and young people frequently fall into a school avoidance cycle.

Early intervention is key!

Try to avoid waiting until your child stops going to school before you get help.

Stay alert for early signs.

- Talking negatively about school
- Intense emotions when preparing for school, especially after a break or illness
- Complaining of headaches or stomach aches
- Becoming more distant from family and friends
- Trouble sleeping and reluctance to get out of bed in the morning
- Feeling nauseous or unwell

"School avoidance is not about CAN'T. It is about not feeling safe enough right now."
