Children in Northern Ireland (CiNI) is inviting parents and carers across Northern Ireland to take part in a short survey exploring their views and experiences of age discrimination affecting children and young people.

The NI Assembly is currently considering the Age Discrimination (Goods, Facilities and Services) Bill, which would introduce new legal protections against unfair treatment and age discrimination when accessing services such as shops, public transport, leisure facilities and healthcare.

However, **the Bill as currently drafted excludes children under 16 from these protections**.

We want to hear from parents and carers about the types of unfair treatment children have experienced because of their age, whether they support extending legal protection to under-16s, and how this might interact with their parental responsibilities and ability to advocate for their child.

We would be very grateful if you could share the survey widely through your networks and encourage as many parents and carers as possible to participate. If you are a parent or carer of a child under 18, and live in NI, that means you too!

Complete the survey here: https://www.surveymonkey.com/r/8FR389N

Your experience can improve social work

Equal Voices | Stronger Social Work | A Brighter Belfast

What is the Belfast LEP?

The Belfast Local Engagement Partnership brings people with lived experience, carers, social workers and community partners together to improve social work practice and services across Belfast.

Why does it exist?

Good services are not designed by professionals alone. People who use services, carers and frontline workers often see different parts of the same problem. The LEP creates a space where those perspectives can meet as equals and be turned into practical improvement.

What does the LEP do?

- Listens to experiences of social work and identifies recurring themes.
- Brings lived experience and professional knowledge together through co-production.
- Develops practical projects, resources, events and recommendations.
- Connects local learning with Belfast Trust leadership and regional social work development.
- Tracks what happens after an issue or idea is raised.

Our commitment

Your contribution will be treated with respect. We will aim to make participation accessible, explain what happens next and report back on decisions and progress.

Who can be involved?

We welcome involvement from:

- People who use, or have used, social work and social care services.
- Carers and family members.
- Frontline social workers, managers, students and newly qualified staff.
- Voluntary, community and independent sector partners.
- People with an interest in making social work better in Belfast.

You choose how to take part

You do not need to join a committee or speak at every meeting. You might:

- Attend a meeting or a one-off workshop.
- Share an experience or idea.
- Join a short project or task-and-finish group.
- Help review information, training or proposed improvements.
- Receive updates and contribute when a topic matters to you.

Get involved

Express your interest

- ann.purse@belfasttrust.hscni.net
- Or speak to a member of the Belfast LEP Steering Group.
- Follow the Belfast Local Engagement Partnership (Belfast LEP) page on The Loop. Search for "Belfast Local Engagement Partnership - Belfast LEP" to access staff information, resources and updates.

Together we can make a difference

Mental Health Ambassador

The **Mental Health Ambassador Programme** by Action Mental Health is a dynamic young leadership initiative designed for individuals aged 16-25 who are passionate about mental health, peer support and making a positive impact. This programme equips young people with the skills, knowledge, and confidence to become mental health ambassadors n their schools, colleges, universities, and communities.

The programme is delivered over the course of five sessions. Sessions one to four last for 1.5 hours. The fifth session is a full-day event, consisting of two parts: a morning intergroup workshop and an afternoon featuring the accredited **safeTALK** course.

The programme is delivered using diverse and engaging methods, including group discussions, real-life scenarios and interactive workshops, creative planning sessions, peer-led projects, mental health tool kits community mapping, vision-building and opportunities to collaborate with other youth groups.

A project supported by PEACEPLUS, a programme managed by the Special EU Programmes Body (SEUPB).

What the Programme Covers...

Ambassadors will:

- Understand mental health and its impact on daily life, relationships, and communities
- Learn how to be a positive peer and promote inclusive, respectful relationships
- Develop skills in communication, empathy, and active listening
- Explore the CBT model to build resilience and support others
- Gain knowledge of safeguarding, referral pathways, and peer support boundaries
- Create action plans for mental health events and inclusive support spaces
- Improve awareness of local and NI-wide support services and groups
- Use community mapping to build sustainable support networks
- Earn a SafeTALK qualification to help identify and assist those at risk of suicide

Participants will build:

- Confidence in mental health literacy, peer support, and emotional intelligence
- Skills in empathy, leadership, communication, and planning
- Ability to deliver inclusive, purposeful mental health activities
- Awareness of diverse identities and how to build community belonging

Completers receive:

- A Mental Health Ambassador badge
- A certificate of completion for the full programme/SafeTALK accreditation

Grants

Cash for Kids is a grant-giving charity helping the children that need it most across the UK.

Our grant rounds support children from birth up to and including 18 years of age who are affected by poverty, illness, neglect or who have additional needs. We also provide a lifeline to many other charities, organisations and community groups, funding much-needed services and life-changing equipment.

Poverty | Mental health and wellbeing | Sport and physical wellbeing | Disability and life-limiting illness | Education and essential skills | Diversity and inclusion

All applications must be made via our online system at the links below. Our Local Executive Boards aim to meet several times each year to discuss applications. Please check the specific Eligibility Criteria for the grant you are applying for and read our list of exclusions for all grant types before applying.

As our ability to grant depends on the donations we receive, application forms will close when we reach capacity – so may not be available for all areas at all times.
