Other (Not Specified)	39

A key role of the Family Support Hubs (Hubs) is to identify and report unmet need through the Children and Young People's Strategic Partnership (CYPSP) structures, i.e. Locality Planning Groups to Outcomes Groups.

The following report reflects the unmet need captured and reported in 2024/25 and 2025/26 through monitoring returns from Hubs to the Children's Services Planning Team in the Department of Health's Strategic planning and Performance Group (SPPG).

This report does not claim to identify all unmet need across Northern Ireland or in individual Hub areas. We can only record the unmet need reported in the quarterly monitoring returns.

There are a number of reasons why unmet need may not be captured, these include where a service has not been available in an area for an extended period of time and referrers know this so do not refer to Hubs. Other reasons may include variation in how Hubs capture unmet need although regional work will be undertaken with the intent to achieve a regionally consistent approach and reinforce the importance of capturing and reporting unmet need information.

Unmet need includes where a service was not available or where the waiting list for a service was over 8 weeks.

Unmet need is recorded by category. Where there was unmet need reported during 2024/25 the chart on the left hand side will show a blue mark. Unmet need in 2025/26 is recorded on the map and the chart with colour coding to indicate how many Quarters it has been reported during this current year.

Family Support Hubs

There are currently 29 Family Support Hubs in operation covering all of Northern Ireland.

Rather than looking at the number of referrals where unmet need is reported this report focuses on which Hubs are seeing the categories of unmet need.

Unmet Need - Adult Mental Health
