

CYPSP is committed to involving parents

The CYPSP has set up 5 area-specific Parent Reference Groups plus 2 themed groups who contribute to CYPSP planning processes through providing advice and guidance to the Outcomes Groups.

In the New Year the 5 area-specific Parent Reference Groups will be meeting to plan how they will inform the Outcomes Groups and Locality Planning Groups Action Plans which will be part of the new Northern Ireland Children and Young People's Plan 2015-2018.

Parents have a key role to play in informing the future provision of services and we are keen to have as many parents as possible involved at Area and Local levels. If you are already involved thank you for your hard work to date and watch out for correspondence about dates - your views are essential.

Read more about the Parental Participation Model through this link -
