

CYPSP stakeholder events in Outcomes Group areas

The CYPSP has five Outcomes Groups that are located within each of the five health and social care trust areas. The Outcomes Groups are Belfast, Northern, Southern, South-Eastern and Western Outcomes Groups.

CYPSP are organising stakeholder events within each of the Outcomes Group areas during the upcoming months of 2013 and early 2014.

The aim of the stakeholder events will be to talk to and listen to as wide an audience as possible including those who are already involved and those communities of children, young people, families and organisations who are yet to be engaged in the CYPSP planning process.

Each event will bring together the different levels of planning with an opportunity for the Outcomes Group, Locality Planning Groups, Family Support Hubs, Parent Reference Groups and CYPSP members to participate at the event.

The programme for each event will include an open session for families of children, young people and parents to share their views and aspirations for their local areas and for Northern Ireland. Input from at each event will advise the CYPSP planning process and begin the preparation for the development of the 2015-2018 Northern Ireland Children and Young People's Plan.

The first Outcomes Group to run a series of stakeholder events is the Western Outcomes Group. This Outcomes Group anticipates to have four stakeholder events hosted by the Western Locality Planning Groups; Omagh/Strabane, Limavady, Derry and Fermanagh between the months of September and December 2013.

Detailed programmes for each of the stakeholder events are being finalised. Confirmed dates and programmes for each event will be circulated widely. They will also be available on the CYPSP website, www.cypsp.org and twitter feed, @cypsp.
