Carrickfergus College pupils help the Children and Young People's Strategic Partnership to design webpages for teens

Year 11 pupils at Carrickfergus College met with the Children and Young People's Strategic Partnership (CYPSP) information team today to help design a new page for the CYPSP website. The webpage will be aimed at teenagers and will provide information on the work of the CYPSP and on issues concerning children and young people.

At the workshop the pupils provided invaluable feedback and very innovative ideas for the new web page. Development is underway and the new page will be launched soon.

The Children and Young People's Strategic Partnership (CYPSP), led by the Health and Social Care Board, is a multi-agency partnership that includes the leadership of key statutory agencies and community and voluntary organisations that have a responsibility for improving the lives of children and young people in Northern Ireland.

For more information about the CYPSP visit www.cypsp.org
