

Although it is nearly Christmas, and everyone is busy getting ready for the holidays, Middletown Centre for Autism would like to invite you to consider the range of courses we have available in the upcoming weeks.

We are offering individually tailored training days for parents, for education professionals, while some of the training days are suitable for both parents and professionals to attend together. All of our courses are free of charge.

Should you wish to find out any additional information and to book a place, please visit the Centre website, www.middletownautism.com.

We look forward to meeting you again.
