INTRODUCTION

The Moyle Children and Young People's Locality Partnership was set up and launched by Moyle Council in November 2009. Councillor Cara McShane the then Chair of the Council, chaired the partnership during its developmental stages . The role of Chair was then taken on by Brenda McAteer, NHSCT in December 2010. The partnership is multi-agency and has membership from Statutory, voluntary and community sector organisations in the area.

Membership is open to all organisations who provide services in the area and the group is particularly keen to hear from children, young people and families themselves. We recognise that by working together we can all achieve better outcomes for our children and young people.

This booklet was put together with the aim of providing contact details for each member that represents the Moyle Children and Young People's Locality Group, with information also on the services provided.

To request copies of this booklet please contact:
