

November 2014

Family Support NI Team Engaging with Stakeholders

The Family Support NI Team hosted information stands at various events during November.

We attended the launch of “Beneath the Surface, Child Poverty in Northern Ireland” which was launched at Stormont. We were also at a mental health information event in Ballymoney Community Resource Centre and were invited to stakeholder events run by Locality Planning Groups in Newry and Enniskillen. Libraries NI also invited us host a stand at a Health Information Day in Newcastle Library

These events gave us great opportunity to engage with planners, service providers and service users and gave us a chance to promote the Family Support NI website.

www.familysupportni.gov.uk facilitates early intervention and family support by listing contact details and overview of Family Support services in the community, statutory and voluntary sectors throughout Northern Ireland.

Parents can also use the Childcare search on the website to find childcare to meet both their needs and the needs of their children.
