

The Connected Baby

A film conversation by Dr Suzanne Zeedyk and Jonathan Robertson

Tuesday 1st December 2015

**Lawrence Lecture Theatre, NWRC,
Strand Road Campus, L/Derry**

10.30am-12:00pm

"This film is beautifully made, a mind opener in our rational age. Dr Zeedyk builds on the evidence that babies are persons from the start, that they are in command of a whole passionate self, with all its senses, and intimately aware of the rhythms of human movement. Most of all, Dr Zeedyk illustrates the new scientific idea that children have love for others' vitality from birth and that the human mind passionately wants to grow in companionship.
