### **Audit of Information on Family Support NI Website**

The Family Support NI website team are auditing information held on [www.familysupportni.gov.uk](http://www.familysupportni.gov.uk).

All registered childcare providers have been contacted to check their details are correct and up-to-date on the website

If you are a childcare provider this website provides you with a **FREE** means of advertising your service. You can highlight whether you have vacancies or whether you provide for any additional needs which parents may be looking for. You can also state whether you have any additional qualifications or experience relating to childcare.

If you have any vacancies you should contact the Family Support website team as soon as possible – ***you may be losing out on business if you don't!***

**Please note** HMRC use information on this register/website to validate whether a childcare provider is **registered** with a Health and Social Trust. ***HMRC will not approve Tax Free Childcare payment until registration of childcare provider is confirmed.***

We are also contacting providers of Family Support Services who have a profile on the website.

If you provide a Family Support service in Northern Ireland, We would ask you to check details of your service, including contact details, an overview of your service and how it can be accessed.

If details of a family support service are not on the website we would ask you to contact us in order to get a service included.

We depend on this type of feedback from Community/Voluntary and Statutory sector services to ensure information on the website is accurate and up-to-date.

If you would like to add/amend or update a Family Support service, please contact us as soon as possible.
