The Family Model

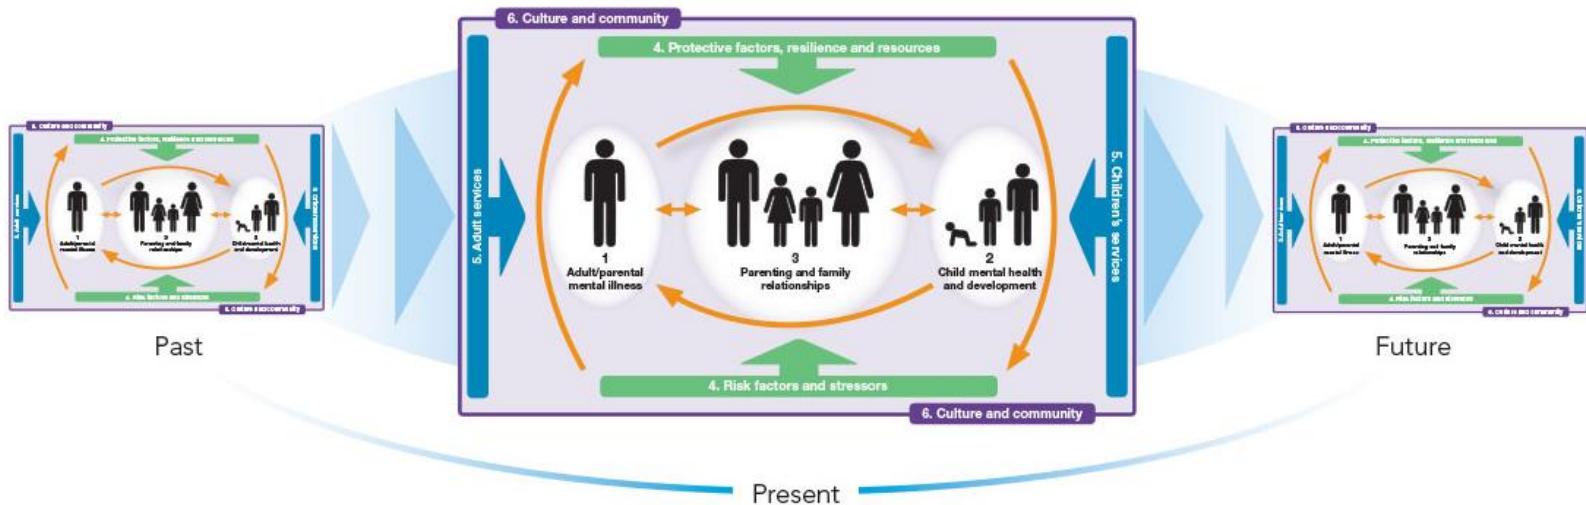

6 Domains

10 arrows

A developmental perspective

TFM – Developmental perspectives

- **Looking at the present**
 - How things are now, interplay between stressors, risks & resilience
- **Looking back, the past**
 - FOO & background circumstances for individuals in the family (children's dev, family relationships)
- **Looking forward**
 - what gets you through?
 - what's been learned?

The Family Model
