## **DOMESTIC & SEXUAL VIOLENCE AND ABUSE** **Is a serious and widespread problem with devastating consequences** **for individuals and their families**

“Stopping Domestic & Sexual Violence & Abuse In N.Ireland – A 7 Year Strategy” (DOJ and DHSSPS 2016) has an overall vision of a community in Northern Ireland that does not tolerate domestic or sexual violence and in which each member of society has a part to play in achieving this.

To mark the 16 Days of Action the South Eastern Domestic & Sexual Violence Partnership is holding a one day conference to highlight some of the work being undertaken to support and protect those individuals and families experiencing domestic and sexual violence as well as prevent it happening in the first place.

Speakers include Frank Mullane from Advocacy After Fatal Domestic Abuse, David and Elisabeth Carney-Haworth from Operation Encompass, Karen Douglas, The Rowan and David McConaghy, White Ribbon Ambassador for N.Ireland. Additional speakers will be confirmed in the full programme which will be issued prior to the conference.
