

Early Intervention Support Service Southern Quarterly Summary Report Card No 8

EISS

The Early Intervention
Support Service

for families with children
between
0 and 18 years old

WHAT IS THE EARLY INTERVENTION SUPPORT SERVICE?

The Early Intervention Transformation Programme (EITP) is delivered as part of the Delivering Social Change agenda in partnership with Atlantic Philanthropies. It represents a new joined up working and funding across five Government Departments to drive through initiatives which will have a significant impact on outcomes for families with children 0-18 years old. As part of EITP a new Early Intervention Support Service (EISS) is being established in five areas across Northern Ireland. The aim of the EISS is to support families when difficulties arise before they need involvement with statutory services. The EISS will deliver and coordinate person centred, evidence based, early intervention for families with children 0-18 years old within Tier 2 of the Hardiker Model.

How much did Southern EISS do?

EISS Referral Outcomes Apr - Dec 2017

Referrals

Referrals to the EISS are for children and young people 0-18 years. Referrals are from a variety of sources including Family Support Hubs (39%); Health Visitors (18%); Gateway (7%); CAMHS (7%) other sources (29%).

Approximately 25% of referrals received did not receive the EISS as the referral was either inappropriate or the family declined the offer of the service.

Interventions

Families are assigned a key worker each practitioner holds a case load of between 10 – 15 families, home/school based support is provided for a period of approximately 12 weeks. Therapeutic sessions account for 93% of the interventions used by practitioners. Therapeutic interventions used include motivational interviewing, Solihull Approach and Solution Focused Brief Intervention Therapy.

How well did Southern EISS do?

Families Supported Apr – Dec 2017

Contract Targets

The target number of families to be supported within EISS contracts is 425 families. Northern EISS has provided support to 296 between 1st August 2015 & 31st December 2017 which represents 88% of the cumulative target. Additional staff have been recruited to help ensure targets will be met over the duration of the contract.

Service User Feedback

Parent: "EISS was a great support. It has helped our family get back on track – we had lost our way."

Young Person: "I can now play better with my friends and worker was a lovely person and very nice."

Parent: "Worker was fantastic. My son loved the time he spent with her and was gutted when I told him there were no more sessions."

Outcomes Star

The Outcomes Star is used as the assessment tool to evaluate the effectiveness of the EISS. The star is completed collaboratively with the family as an integral part of key work, to agree the areas of intervention and develop an action plan.

Family Star Plus

The Family Star Plus focuses on ten core areas that have been found to be critical in enabling children and young people to thrive. Project workers agree with families which areas they want to focus on. Interventions would generally be focused on a maximum of three areas.

Family Star Plus Data Based on #215 Families

Data on the Star shows an average of the scores across all areas. A “big” increase or decrease is defined as more than one point up or down the area.
