

## Report from Locality Planning Groups to Belfast Area Outcomes Group

Month October 2018

<p><b>Current Issues being Discussed at LPG:</b> Including: Gaps in services/Emerging needs</p>	<p><u>North Belfast LPG</u></p> <ul style="list-style-type: none"> <li>•Members of FSHs working to full capacity and closed to referrals, funding needed to increase capacity of these services</li> <li>•Need for afterschools type holiday provision for children/young people with ASD and smaller groups in summer schemes</li> <li>•home visiting to build confidence for families to get programme ready</li> <li>•Mentoring for young people feeling socially isolated, anxious, have a parent with mental ill-health, attachment issues, social emotional and behavioural issues</li> <li>•Need for in-depth research into the actual cost of a FSH</li> <li>•Parental drug use and impact on children</li> <li>•Trend in referrals for new parents with Learning Disability who are homeless. Hostels aren't keeping pregnant women after 20 weeks. There is a really big issue for these women around benefits, homelessness and overcrowding. increase in sudden infant deaths in Belfast Health and Social Care Trust need services to highlighted safe sleeping arrangements</li> </ul> <p><u>West Belfast LPG</u></p> <ul style="list-style-type: none"> <li>•Interface between Health and Education for children re: statement process/diagnosis ADHD etc.</li> <li>•Impact of children with additional needs on whole family, e.g. reduced timetables, impact on other siblings</li> </ul>
---	--

- Increasing numbers of children with Anxiety at an increasingly younger age
- 1-1 Family Support
- Behavioural issues
- On feedback from BAOG procurement process C&V sector members expressed disappointment re: Panels
- 5 out of 8 Primary schools in Greater Shankill have new Principals, good opportunity to raise awareness of services available to them, requests for similar event to the North Belfast Speed-networking event.

#### East Belfast LPG

- Connections of Take 5 with schools
- Need for coordinated/collective approach of services engaging with schools
- High numbers of children with anxiety as young as 2 years
- Parental anxiety
- Lack of services in Outer South and East Area
- Children with anxiety who do not meet the criteria for CAMHS
- Youth counselling
- Play therapy,
- Mentoring for self-esteem, confidence, and online safety and bullying.
- Home visiting
- Social activities for young people with ASD and ADHD
- Support for children on waiting list for ASD diagnosis
- Childcare respite for socially isolated parents

#### South Belfast LPG

- Referrals for FSHs higher level of need than appropriate for the FHS

	<ul style="list-style-type: none"> <li>•Disability support</li> <li>•Lack of services in Outer South Area</li> <li>•Long waiting lists</li> <li>•Need for post-diagnosis support</li> <li>•Link between health and education</li> <li>•Services getting higher to access</li> <li>•Girls and Autism – range of reasons for supports required across home, school and community overviewed</li> <li>•On feedback from BAOG procurement process C&amp;V sector members expressed disappointment re: Panels</li> </ul>

<b>Day and Date</b>	<b>Venue</b>
Thursday 28 February	Sandy Row
Thursday 18 April	TBC
Thursday 27 June	TBC
Thursday 29 August	TBC
Thursday 31 October	TBC
Thursday 12 December	TBC

## Report from Northern Sector Locality Planning Groups to Western Area Outcomes Group

Month September/October 2018

<p><b>Current Issues being Discussed at LPG:</b> Including: Gaps in services/Emerging needs</p>	<p>The issues raised over the past few months remain consistent with the issues reported at the previous WAOG meeting.</p> <p>The lack of Early Intervention/Preventative programmes specifically looking at mental health has remained the focus for all 4 locality planning groups as services report an increase in the need for a dedicated level 2 service to deal with mental health issues before they escalate and become a referral to statutory MH services. Within each of the localities there is growing concern of the number of young people presenting with emotional and mental health issues. There is a strong opinion that there needs to be a dedicated and coordinated response to those who need additional help due to mental health issues.</p> <p>An issue of growing concern for the locality planning members is the number of children waiting for assessment by the ASD service. The lack of services available to support families while they wait on the assessment and the services available to those who have received a diagnosis and those who haven't. Anecdotal information coming through that the strain on waiting on assessment and the impact it is having on the health and wellbeing of the whole family is causing issues. Alongside this is the growing concern of the number of children and young people who are on reduced timetables because</p>
---	--

	<p>of this issue. This leads onto another issue raised at local level.</p> <p>Reduced timetables – and the impact it has on a child/young person’s mental health and the strain it puts on the whole family. Whilst we have the statistic from suspension and expulsion, once again anecdotally service providers are informing the LPG that they are seeing more and more children and young people on reduced timetables and the impact that this is not only having on the child and their rights to an education but also on the whole family unit.</p> <p>Parenting – Parenting remains an issue for those working with families both at a statutory and community/voluntary level. The growing concern around managing children’s behaviour, setting boundaries and routines and parenting teens has been raised in all localities. Many organisations have discussed the ‘Back to basics’ parenting approach that they are trying to instil within their organisations. This again has been raised many times on the impact of resilience and lack of resilience that children and young people don’t have.</p>
<p><b>Recent Achievements by the Locality Planning Group.</b>  How much did we do?  How well did we do it?  Is anyone better off?  (can be included as a report card)</p>	<p>Derry and Strabane localities have raised the issue of the number of girls missing school due to affordability of sanitary-wear i.e. ‘Period Poverty’, as many as 1 in 3 girls will miss a period of school due to the growing issue of ‘period poverty’. Since the issue was raised a motion in DCSDC has been passed to make sanitary ware available free in all council run properties including their sports complexes. Locality Planner also raised the issue at the WAOG and will be drafting a proposal to make sanitary ware available in designated community and voluntary organisations with the financial input</p>

	<p>from the WAOG. LPGs will also target post primary schools in the district to get them to sign up the Always national campaign, where schools can access educational material and free sanitary-wear to those schools that qualify.</p> <p>The locality planning groups continue to raise the concerns that have been expressed above. Local projects have been successful in securing small pots of funding to look at tackling the issues above however resources remain tight and organisations feel restricted by current funding streams.</p>
<p><b>Engagement with Children and Young People, Parents/Carers:</b> including numbers</p>	<p>In September 12 young people from Strabane engaged with the process to look at how the WAOG funds future projects and how they can be included in any tender process in the future. This follows on from very successful engagement event in Derry in July/August with 18 young people. This engagement process will be on-going throughout the year particularly as the Unicef project gains traction.</p>
<p><b>Meetings Held:</b> Break down of number of meetings held: How many attended:</p>	
<p><b>Upcoming Events:</b></p>	<p>Next meetings for LPG Derry – Friday 9<sup>th</sup> November Waterside – Tuesday 13<sup>th</sup> November Strabane – Tuesday 20<sup>th</sup> November Limavady – Wednesday 21<sup>st</sup> November</p>
<p><b>Additional Information:</b></p>	

## Report from Southern Sector Locality Planning Groups to Western Area Outcomes Group

**Months: September & October 2018**

<p><b>Current Issues being Discussed at LPG:</b> Including: Gaps in services/Emerging needs</p>	<p>Day-Care for Children: Concerns with closure of a large provider and the continued decrease in availability of child-minders, leaving families with little option but to use unregistered carers.</p> <p>Notice of trend in mothers experiencing post-natal depression who have little immediate family support systems and may have partners who work away from home.</p> <p>Period poverty: Linked with Business in the Community to ascertain their interest, also contacted Community Foundation NI who have £3.5 million in grants, PHA, Dept of Health and Helen Harley, Community Development, Derry City and Strabane District Council. Will be linking in with Youth Clubs &amp; Post Primary Schools to encourage them to sign up to initiative.</p>
<p><b>Recent Achievements by the Locality Planning Group.</b> How much did we do? How well did we do it? Is anyone better off? (can be included as a report card)</p>	<p>Emotional Well-being &amp; Mental Health Compass – sent out to all Fermanagh &amp; Omagh LPG members to map what provision is being offered in the community and what other good practice they are aware of. The findings can then be shared as part of Action 1.2 of Fermanagh &amp; Omagh Community Plan.</p> <p>At a consultation with EXTERN practitioners, the challenge was raised of finding suitable and affordable venues to carry out 1:1 and group work, particularly in the evenings. Work is progressing on a Community Audit of</p>

	<p>venues which can be utilised by practitioners in the community listing useful information e.g. cost, access, security.</p> <p>Both LPG have reviewed the LPG Standards with Una Casey and the information gathered will feed into an Action Plan. The findings of the LPG Member's Audit have also been shared by Una Casey.</p>
<p><b>Engagement with Children and Young People, Parents/Carers:</b> including numbers</p>	<p>Consulted with young people on EXTERN Summer Scheme (Report Card Attached) This consultation was carefully designed using The Lundy Model of Child Participation (space, voice, audience and influence) so participants would have the opportunity to develop their experience and skills at taking part in a participatory event, which respects and raises their understanding of their rights.</p> <p>Consultation being organised with the young people of Youth Scape Project.</p> <p>Invited to sit on the Neighbourhood Renewal Task and Finish Group which will design a consultation into the play and leisure needs of local young people</p>
<p><b>Meetings Held:</b> Break down of number of meetings held: How many attended:</p>	<p>Omagh LPG – 24/09/18 – 4 members attended, 8 apologies Fermanagh LPG – 27/09/18 – 7 members attended, 5 apologies</p>
<p><b>Upcoming Events:</b></p>	<ul style="list-style-type: none"> <li>• Locality Planner organising the Western Domestic and Sexual Violence Partnership Coercive Behaviour Awareness event, planned for 29/11/18 in Roe Valley Arts Centre in collaboration with Limavady LPG and Family Support Hub, Dry Arch Centre, PCSP and Women's Aid.</li> <li>• The Respectful Sharenting Workshop facilitated by Debbie Greaves, Senior Practitioner, Social Services Learning, Development and</li> </ul>

	<p>Governance Team and Organised by The Fermanagh and Omagh Family Support Hubs and Locality Planning Groups</p> <ul style="list-style-type: none"> <li>• Presenting at Anti-Poverty Practice Framework for Social Work in Northern Ireland which is seeking to bring poverty into the foreground of social work practice. The Framework aims to help social workers recognise and respond to the impact of poverty on the people they support.</li> </ul>
<p><b>Additional Information:</b></p>	<ul style="list-style-type: none"> <li>• Resilience Documentary Screening Update:</li> </ul> <p>20/09/18 - Family Centres, LAC, Gateway, FIS &amp; Fostering  11/10/18- RISE, CAMH, Speech Therapy, Occupational Therapy, Physiotherapy, ASD, Disability, Sensory &amp; Mental Health Teams.  24/10/18 – Health Visitors, Midwifery, Dentistry, Dietetics, Children’s Medical &amp; Paediatrics.</p> <p>Request to screen documentary at the next Fermanagh and Omagh Community Planning Community Leaders Meeting.</p>

## Report from Locality Planning Groups to Northern Area Outcomes Group

Month: October 2018

<p><b>Current Issues being Discussed at LPG:</b> Including: Gaps in services/Emerging needs.</p>	<p><b>RESILIENCE</b> There is a wide recognition of the benefit of resilience programmes for young people, especially in Primary School as a prevention tool, however, there is limited number of programmes available and a very ad hoc approach in the delivery. There is also increasing frustration that well evidenced programmes, such as Life skills are not being supported.</p> <p><b>CHANGING ENVIRONMENT</b> Most statutory provision involving children and young people is experiencing a period of change. This is becoming very difficult for people trying to navigate the system and for planning for the future. The main organisations noted are EA Youth Service, Councils and Trust Teams. Also within the LPG, there are a lot of members from these organisations and they are unable to commit or comment as they are unsure what the future holds.</p> <p><b>MENTAL HEALTH SUPPORT FOR YOUNG PEOPLE</b> New challenges have arisen over recent year in the lack of support for young people requiring a tier 2 intervention. There is an understanding now that statutory services will only provide support to young people at high end tier 3. This is having a huge impact on the Voluntary and Community Sector, who may have the skills but don't have the capacity to deal with the number and intensity of referrals.</p>
--	---

**PARENTING SUPPORT- ALL AGES**

Teenage support and preteen.

**ONLINE SAFETY/ EXPLOITATION/ BULLYING**

This includes training/ support for young people/ parents and professionals to keep to pace with the ever changing environment. Challenge of how to cope with parental phone use and the impact on the child's development.

**DISABILITY- SOCIAL OUTREACH**

**BODY IMAGE**

A reasonably new area of need highlighted in the Locality Planning Groups, however, after attending a recent EA LAG meeting, this is an area of need which is now being raised by young people.

**OBESITY**

There is a need for a continual and shared message around the topic of obesity. Too often it is a topic which is covered and old habits resume. Participation Officer is currently piloting a schools project.

<p><b>Recent Achievements by the Locality Planning Group.</b> How much did we do? How well did we do it? Is anyone better off? (can be included as a report card)</p>	<p><b><u>Ballymena</u></b> Survey Monkey currently ongoing among teachers to identify pastoral training support. Pastoral care sub group to reconvene in November 2018 to discuss how to progress these results.</p> <p>ACE'S Screening complete April 2018.</p> <p><b><u>Causeway- Ballymoney, Coleraine and Moyle</u></b> Year 8 Healthy Lifestyles Engagement Pilot (2016-2018) completed in our Lady of Lourdes, Ballymoney. Partnership approach between NHSCT, CPYPS, Causeway Coast and Glens Council and Northern Obesity Partnership. As a result of the pilot, the school has been supported to implement sustainable Health and Wellbeing Initiatives into their schools with a Health and Wellbeing Action Plan. As a direct result of the pilot two new schools, Coleraine College and Dunluce High, are currently involved in similar year 8 Healthy Lifestyles Engagement for 2017-2018. It is anticipated that additional schools will be involved late in 2018-2019.</p> <p><b><u>Larne</u></b> Larne Youth Fair- 10<sup>th</sup> April Attended by 100 pupils from Larne High School 25 Exhibitors in attendance</p>
---	--

<p><b>Engagement with Children and Young People, Parents/Carers:</b> including numbers</p>	<p><b><u>Abbey Community College Engagement</u></b> Partnership approach with Public Health Agency in assisting in the development of a school nurse. 38 pupils participated.</p> <p><b><u>Healthy Lifestyles Projects with Year 8 pupils</u></b> In Partnership with Northern Obesity Partnership and Causeway Coast and Glens Council. Participating Schools – Coleraine College and Dunluce High School Bushmills. Year engagement with 110 Year 8 pupils, with 20 pupils leading on year 8 steering group supported by participation officer. Project completion June 2018</p> <p><b><u>Fresh Little Minds – Children’s Mental Health &amp; Resilience Programme</u></b> Funded by PHA, facilitated by Sandra Anderson and Emma McElhone across Northern Trust area. Programme Delivery (6 week programme) May/June - Tobermore Primary – Magherafelt Locality July/ August - Young Carers Northern Area September / November - Rathcoole Primary School and Carlridge Primary Portrush Additional Locality areas will be targeted in September 2018.</p>
--	---

**Meetings Held:**

Break down of number of meetings held:

How many attended:

**Antrim-**

June 2018- 13

*Pamela Davis- Health Alliance*

*Siobhan Murphy- Safe Spaces*

*Charlene McKeown- Womens Aid*

October 2018- 13

*Clare Humphrey- THRIVE*

**Ballymena-**

April 2018- 10

*ACE's Resilience Screening*

June 2018-13

*Danielle Campbell- Women's Aid*

*Nuala McStravick- NOW*

*Beth Gibb- Action Mental Health*

**Carrickfergus-**

May 2018- 11

*Daniel McDonnell- YMCA*

September 2018- 14

*Nuala McStravick- NOW Project*

**Causeway- Ballymoney, Coleraine and Moyle**

June 2018- 18

*Lisa Mooney- Community Cohesion*
