WHAT IS THE EARLY INTERVENTION SUPPORT SERVICE?

The Early Intervention Transformation Programme (EITP) is delivered as part of the Delivering Social Change agenda in partnership with Atlantic Philanthropies. It represents a new joined up working and funding across five Government Departments to drive through initiatives which will have a significant impact on outcomes for families with children 0-18 years old. As part of EITP a new Early Intervention Support Service (EISS) is being established in five areas across Northern Ireland. The aim of the EISS is to support families when difficulties arise before they need involvement with statutory services. The EISS will deliver and coordinate person centred, evidence based, early intervention for families with children 0-18 years old within Tier 2 of the Hardiker Model.

How much did Belfast EISS do?

EISS Outcomes Referrals 2018 – 2019

Referrals

Referrals to the EISS are for children and young people 0-18 years. Referrals are from a variety of sources including Family Support Hubs (49%); CAMHS(14%); Health Visitor (10%); School (7%); other sources (20%).

It is noted that from Apr 18 – March 19 approximately 20% of referrals received did not receive the EISS as the referral was either inappropriate, the family declined the offer of the service or there was no capacity to provide the EISS.

Interventions

Families are assigned a key worker each practitioner holds a case load of approximately 12 families, home/school based support is provided for a period of approximately 12 weeks. Therapeutic sessions account for 97% of the interventions used by practitioners. Therapeutic interventions used include motivational interviewing, Solihull Approach and Solution Focused Brief Intervention Therapy.

How well did Belfast EISS do?

- Total Families successfully completing intervention (#132)
- Families disengaged from service/moved out of area (#14)
