Omagh Locality Planning Group: Action Plan 2019-2020

Mission Statement: Harnessing the power of networks to carry information, connect likeminded people and provide a flexible yet, durable local infrastructure for social movement and transformation.

Priority Action: Identify and work towards ending cycles of disconnection between the people, as well as the systems within the community through seamlessly combining education about trauma and resilience with prevention, treatment, supports and social justice - building on strengths, while addressing challenges.

What We Will Do:

- Connect and align people so that they can provide support and assistance for each other.
- Have constant oversight of the circle of support its size, availability, location and effectiveness.
- Change the way we think about social problems and solutions
- Promote the need for flexible or pooled resources with accountability to own funders interests.
- Utilise ACE as a unifying framework

Target Areas for 2019/2020:

Meet as a group on five occasions

Collate local Summer Schemes and distribute

Collate list of local venues for hire

Collate list of food banks and organisations that can support e.g. fuel vouchers. Learn from these organisations what the needs of the population are.

Promoting resilient communities within Path Finder, Fermanagh & Omagh Community Plan, Neighbourhood Renewal and Western ACE awareness roll out.

Highlighting unmet need identified by Family Support Hubs

Digital Safeguarding

Domestic & Sexual Violence

The Neglect Framework

Families Experiencing Poverty
