

## Background

The South Belfast Locality Planning Group in partnership with LORAG hosted a back to school uniform event on 7<sup>th</sup> August 2019. The event took place as part of Féile na hAbhann/Festival of the River and provided pre loved uniforms to families preparing to return to school.

The pilot developed as a result of expressed needs from the community, it was well attended and feedback from the participants has been positive. The partnership met as a subgroup initially in January, given some transitions the decision was taken in April to make contact with schools regarding encouraging parental donations. A letter were circulated to schools in June 19. There was a good response from a few schools and through a partnership approach with the Scaffold Project (East Belfast) regarding unused items, we enabled the August pilot to take place.

Using the CYPSP toolkit, uniforms were cleaned, sorted and presented to families at no cost during a time when parents begin to prepare for Back to School.

“Thank you so much for the items I received it has helped me out; it has saved me so much as uniforms are so expensive”. (Parent)

“This is a great initiative to help families and the environment”. (Teacher)
