

SOUTHERN AREA LOCALITY PLANNING GROUPS

Emotional Wellbeing and
Mental Health Resource for
Children and Young People

The aim of this resource is to provide information on local services for children and young people which will be of benefit to their emotional wellbeing and mental health.

This is a top priority for all 6 CYPSP Locality Planning Groups (LPG's) in the Southern area (further information on CYPSP and LPG's is on Page 165). LPG members agreed it would be useful to collect information on all services that were available to support children and young people. This will help us to understand local support, to explore further partnership working and to identify any gaps in service provision which may need to be addressed.

Between September 2019 and June 2020 organisations sent through information for inclusion in the resource, providing details of their service or programmes which had a very clear focus on emotional wellbeing and mental health of children and/or young people. We recognise that many services and programmes for children and young people are of immense value and benefit to improving outcomes for children and young people in the area, however we had to limit this to those with a specific remit to make it a manageable piece of research.

We have included parent support too as the age remit is from ante natal to 18, and 25 for young adults with a disability/additional needs.

We appreciate that services and programmes change on an ongoing basis, so would remind readers that this resource is subject to change in the future. Moreover, due to the impact of COVID-19 from March 2020, we strongly encourage any contact with services or programmes to obtain updated information directly from the service to reflect any change.

We aim to update this in Autumn 2021 and would invite any service or programme who are not included in this, to contact us on localityplanning@ci-ni.org.uk to obtain a template for completion for the next edition.

We also encourage all services to register with www.familysupportni.gov.uk as the key directory of all family support services across Northern Ireland.

*Southern Area Locality Planning Team,
October 2020*

Dungannon & Coalisland	Dungannon & Coalisland Sure Start 	Various Programmes / Support Dungannon and Coalisland Sure Start run a variety of programmes for children 0-4 and their parents designed to promote all aspects of the child's health and wellbeing to ensure they get the best start in life. Some of the programmes which are specifically designed with mental health and well-being in mind include: Baby Mindful and Mind Yourself. All programmes however, including the wide range of play based programmes and Developmental Programmes for 2 – 3 Year Olds are extremely beneficial for building and supporting resilience in children. Play Programmes encourage appropriate risk taking which is a major factor in developing good robust mental health in children. All our parenting programmes, such as our Parenting Puzzle and Nurturing Programme have mental well-being as a fundamental component. All Dungannon and Coalisland SureStart are trained in mental health first aid.	Siobhan Wallace ☎ 028 8772 9695 siobhanwallace@surestartdc.org 5 Ballygawley Road, Dungannon, Co. Tyrone. Newry, Mourne and South Armagh	Home-Start Newry & Mourne 	Drawing & Talking Therapy Drawing enables a child to express, in a visual form, worries and preoccupations from deep in the mind that they would not be able to talk about. Drawing and Talking therapy is aimed to support children who are displaying a change in behaviour, have they become increasingly boisterous/acting out of character, or have they become withdrawn? Each child will be offered weekly sessions, each session is 30minutes and it must be on the same day at the same time. The programme lasts for 12 weeks. Family must have at least one child under 5 in the home to access the service.	Niamh Clarke (Kilkeel Area) ☎ 028 417 64120 niamh@homestartnewry.com The Sea Shell Center, 18 Newcastle Street, Kilkeel, Co. Newry, Mourne and South Armagh	Home-Start Newry & Mourne 	Drawing & Talking Therapy Drawing enables a child to express, in a visual form, worries and preoccupations from deep in the mind that they would not be able to talk about. Drawing and Talking therapy is aimed to support children who are displaying a change in behaviour, have they become increasingly boisterous/acting out of character, or have they become withdrawn? Each child will be offered weekly sessions, each session is 30minutes and it must be on the same day at the same time. The programme lasts for 12 weeks. Family must have at least one child under 5 in the home to access the service.	Niamh Clarke (Kilkeel Area) ☎ 028 417 64120 niamh@homestartnewry.com The Sea Shell Center, 18 Newcastle Street, Kilkeel, Co. South Armagh	Sure Start South Armagh 	Hypnobirthing <p>HypnoBirthing Programme helps to guide and prepare a woman to give birth in a peaceful and relaxed manner by teaching methods of relaxation, special breathing, visualisation and meditative practice. This programme focuses on the emotional wellbeing as well as the physical wellbeing of the mother, birthing partner and unborn baby during pregnancy right through to baby is born. It's aim is to reduce the need for pain relief and medical interventions as much as possible and to shorten the first phase of labour. The programme covers 12 hours of material and can be delivered over 5-6 week sessions. Due to Covid-19 this is currently being delivered online.</p>	Teresa McGready Helen Hughes Lorraine Savage info@surestartsa.org ☎ 028 3083 0022 39 Newtown Road, Cowan's Yard, Camlough, Co. WHAT IS THE CYPSP?

WHAT IS THE CYPSP?

The Children & Young People's Strategic Partnership is a multi-agency partnership that includes the leadership of key statutory agencies and community and voluntary organisations, with a responsibility for improving the lives of children and young people in Northern Ireland.

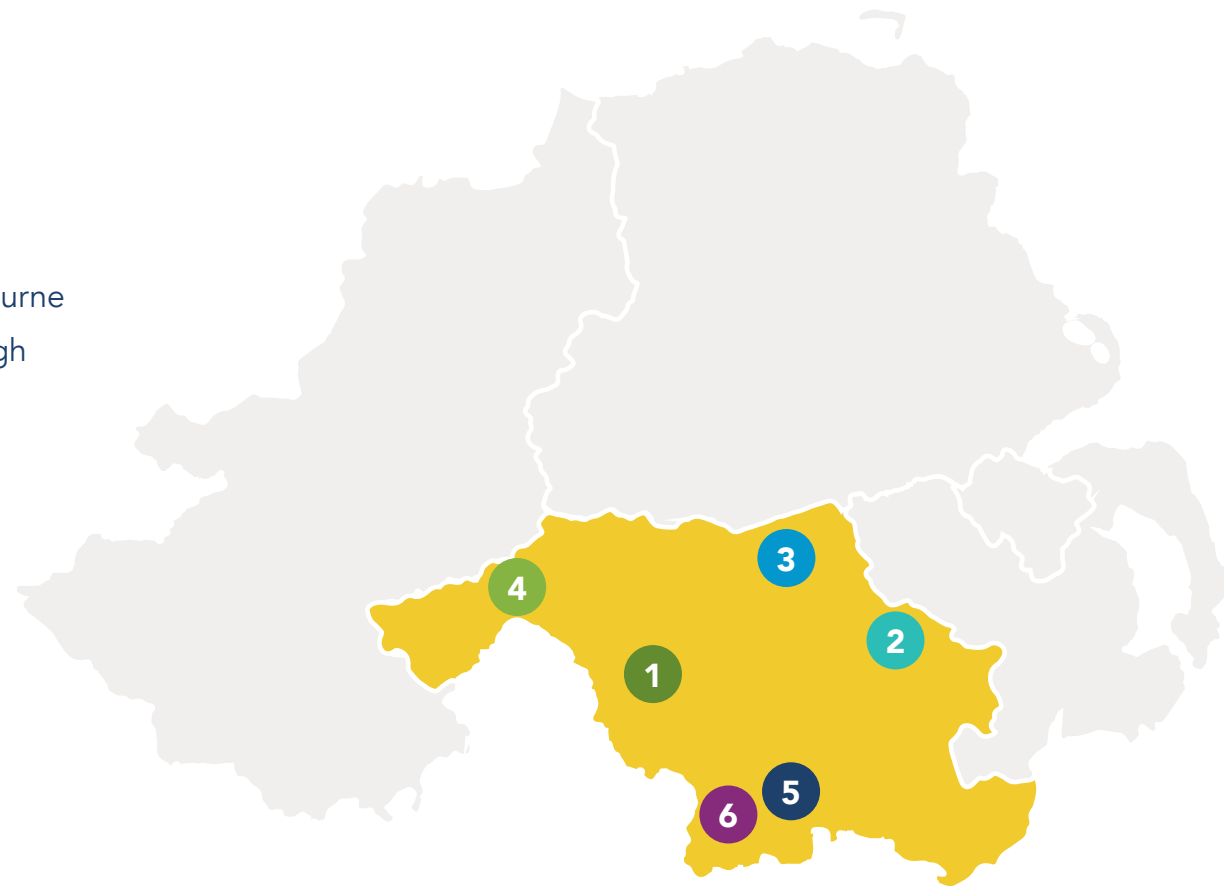

The partnership produces a Children & Young People's Plan which provides a high level commitment to improving outcomes for children and young people in Northern Ireland and to ensure each child reaches their full potential. This plan is taken forward at a local level through the process of Locality Planning.

WHAT IS LOCALITY PLANNING?

Locality Planning Groups (LPG's) are partnerships between statutory, voluntary and community organisations working with and for children young people and families at a local level. Their work focuses on early intervention to improve outcomes for children and young people.

There are 6 LPG's in the Southern Trust area. These are:

- 1 Armagh
- 2 Banbridge
- 3 Craigavon
- 4 Dungannon
- 5 Newry & Mourne
- 6 South Armagh

WHAT DO LOCALITY PLANNING GROUPS DO?

Working as a multi-agency partnership, each LPG develops a Children and Young People's Locality Plan for their area.

These plans identify and evidence the key issues impacting upon children and young people and provide a framework through which solutions can be implemented to address these issues.

Activities undertaken by LPGs in the Southern Trust Area include: Stakeholder Events, Information and Networking Events, Training, Consultation Responses, Projects/Events to meet the Outcomes of Action Plans, Sharing of Information and much more.

Actions are agreed by LPG members and are flexible to address any particular issue relating to children, young people or family support.

WHO WE ARE

The team responsible for Locality Planning in the Southern Trust area are our Locality Development Officer and our Locality Support Officer. Both are based at Tower Hill, Armagh,

Information sharing:

In January 2019, Southern Area Locality Planning introduced a new innovative way of sharing information on the great work of services and organisations striving to improve outcomes for children, young people and families in the Southern Trust area.

With the aim of strengthening contacts, participation, engagement and connections in the region, LPG members, as well as the wider community, are invited to submit flyers, posters & announcements promoting relevant events, opportunities, programmes and initiatives. All of this information is then collated and shared via a one-stop shop style newsletter - 'FYI' (For Your Information).

ACTION PLAN 2018-2021

Action Plans for the 6 Locality Planning Groups in the Southern Trust area fall under the following 8 factors contributing to wellbeing, as identified in the Northern Ireland Children and Young People's Strategy. Outcomes are numbered as follows in the Action Plan, which denote the areas we are addressing for each theme:

All 6 Locality Planning Groups identified the following 3 themes as their top priorities for 2018-21:

1. Emotional and Mental Health & Well Being
2. Supporting Families
3. Risk Taking Behaviours

If you would like to join your local
Locality Planning Group or if you
would like more information please
contact the Locality Development
Officer for the Southern Area:
