

Report from Locality Planning Groups to Southern Area Outcomes Group

Months: March-June 2022

Current Issues being Discussed at LPG:

Including: Gaps in services/Emerging needs

Emotional Wellbeing & Mental Health of Children & Young People:

- Member youth groups reporting higher levels of anxiety amongst children and young people, post lockdown (Confederation of Community Groups Newry, Newry LPG)
- Approximately 50% of recently received T-BUC registration forms cited anxiety as an issue. (EA Youth Service, Newry LPG)
- Feedback from families that their children really missed play and interacting with other children during lockdown. (Speedwell Trust, Dungannon LPG)
- Inappropriate internet use, e.g. sexting and young people self-harming. (Barnardo's NI/FSH, Dungannon LPG)

Supporting Parents & Caregivers:

- Summer Scheme places filled very quickly, even before information could be shared around networks. Demand this year is greatly outweighing capacity. (Various LPG Members, Newry LPG)
- Very few opportunities for young people with a disability particularly around the older transition age, for summer activities/groups to participate in. (Newry Gateway Club, Newry LPG)
- 80% of current caseload is young people with autism with a real lack of projects to refer young people into. Issues relating to transport costs for young people to access programmes. (Barnardo's TIS, Dungannon LPG)
- Struggle to access services for young people reaching adult age with an autism diagnosis e.g. where Direct Payments will stop. (Barnardos' NI, Dungannon LPG June)
- Lack of Entry Level English Classes available in the local area. (Clanrye Group, South Armagh LPG September)

Addressing the Impact of Poverty:

- Cost of fuel expected to rise again in the autumn, meaning additional financial pressures on families. (ABC Council/MUDC, Dungannon LPG June)
- Poverty and the rising cost of living as key challenges; difficulty accessing housing; and lack of/affordability of private rentals in the area. (STEP, Dunaannon LPG June)
- Rising running costs hitting local community organisations who aim to address loneliness, mental health, etc. (SHSCT, South Armagh LPG September)
- Service users report poverty issues during conversations signposted accordingly. (PIPS Hope & Support, South

Other Emerging /Unmet Needs:

• Vaping is on the rise in the area with young people apparently unaware of associated dangers with nicotine intake, mixing substances, etc. More awareness raising is needed. (Barnardo's NI/FSH, Dungannon LPG - June)
