INTRODUCING THE SUMMER ACTIVITIES DIRECTORY 2022

Background & Directory Guide

This year, summer activities will continue to be of great importance in helping children, young people and families to reconnect with local activities, groups and friends, which will help maintain good emotional and physical wellbeing.

The list of summer activities included in this resource has been compiled by representatives from the 6 Southern Area LPGs and other contacts to ensure we can promote as much information as possible.

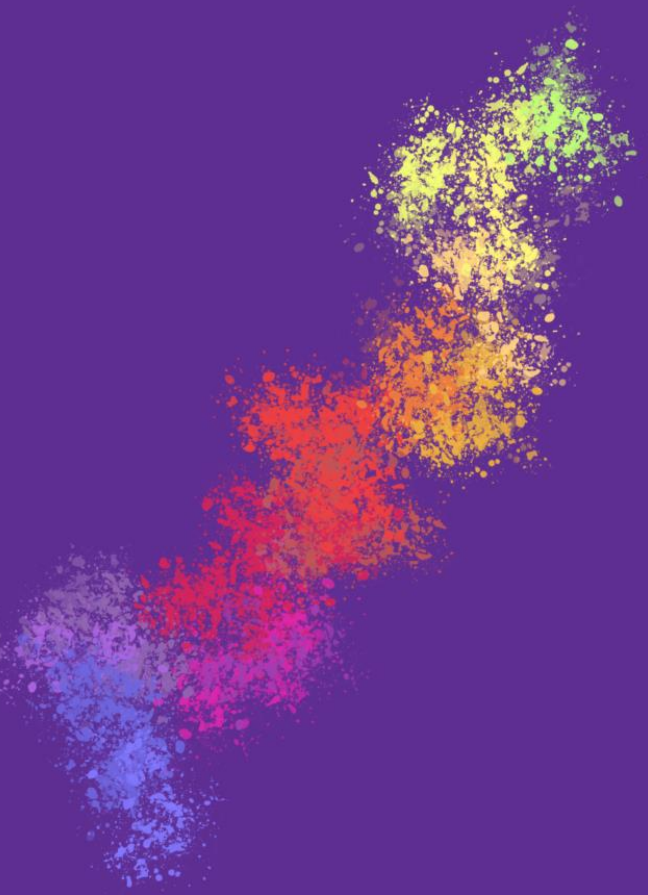

Although this list isn't exhaustive, we hope that it will provide useful information and links for parents/carers, children, young people and workers who are currently searching for activities for their children/clients to participate in over July & August 2022.

Please note, some of the activities listed in this directory may be fully booked at this stage, however may operate a Reserve List.

We advise that you contact the relevant person to confirm and discuss any queries.

Active kids (Mini movers) provide boys and girls between the ages of 3-4 years olds the opportunity to participate in an action packed week with many sporting activities. While all the other kids are having fun, why should kids this age miss out? We believe in helping every child reach their full potential no matter the age or ability.

Please note - No refunds, exchange only policy towards another camp or class. Children must be 3 at time of the camp.
