COMPLETE

FOR CARERS

2024

Who is this A–Z Guide for?

This guide is for informal/unpaid carers living in Northern Ireland. You are a carer if you provide help and support, without payment, to a family member or a friend who may not be able to manage without this help because of frailty, illness, or disability.

What is in this Guide?

This guide tells you where you can access information, support, and services relevant to carers. It directs you to the organisations best placed to meet your needs, and gives you contact details for these organisations. The guide is mainly regional in context – for more local information, you are advised to contact your HSC Trust for details.

Your local Carer Support Service is the gateway for information and support in your local area.

BENEFITS FOR CARERS

Carer's Allowance

Phone: 0800 587 0912

What is it?

If you are aged 16 and over and spend at least 35 hours per week looking after someone who has an illness or a disability, you may be eligible for Carer's Allowance. There are a number of other eligibility criteria in regards to your income and the person you care for must be in receipt of certain benefits.

Carer Premium

Phone: 0800 090 2309

What is it?

BENEFITS

The carer premium is an extra payment you can get if you're caring for someone and receiving certain benefits. If you're entitled to Carer's Allowance and some other means-tested benefits, you may also be able to receive the carer premium. This is an extra payment given on top of your other benefits and not a benefit in itself.

The carer premium is sometimes known as other things. It's called the **carer addition** when it's added to Pension Credit, and it's known as the **carer amount** or **carer element** when it's added to Universal Credit.

You don't have to do anything in order to get the carer premium. If you get Carer's Allowance, or meet the eligibility criteria for it, it will be added on automatically by the relevant government department.

It's worth noting that if the person you care for gets the severe disability premium included in their means-tested benefit, this severe disability premium may stop if you claim Carer's Allowance.

BENEFITS

Personal Independence Payment

Phone: 0800 012 1573

Since 20 June 2016, Personal Independence Payment (PIP) has replaced DLA for people aged 16 to state pension age. PIP and DLA cannot be claimed at the same time.

DLA will remain for children up to the age of 16, both for existing and new claimants. Existing claimants who were aged 65 or over on 20 June 2016 will continue to receive DLA, provided you continue to meet the eligibility criteria.

If you currently receive DLA and were aged 16 to 64 on 20 June 2016, you will be impacted by the introduction of PIP, even if you have an indefinite or lifetime award of DLA. During the assessment process you will continue to receive your DLA award until your eligibility for PIP is decided, provided you make a claim when requested to do so and fully engage in the process.

What is it?

PIP helps towards some of the extra costs arising from having a long-term health condition or disability that is expected to last for 12 months or longer. Entitlement to PIP is based on the effect a long-term health condition has on your daily life, not the condition itself. PIP is made up of two parts: a 'daily living component' and a 'mobility component'. Each component has two rates: standard and enhanced. If you qualify for PIP, you will get money for one or both components.

BENEFITS

Universal Credit

Phone: 0800 012 1331

BENEFITS

Help with Health Costs

What is it?

Most Health Service treatment is free, although there can be charges for some things. Depending on your circumstances, you might get help with the cost of some treatment, services, and items. If you're on a low income, you may be able to get help with health service and travel costs.

All prescriptions dispensed in Northern Ireland are free of charge for everyone. This includes medication, wigs, and surgical appliances.

You may also be entitled to the following:

- free HS dental treatment
- free sight tests
- vouchers towards the cost of glasses or contact lenses
- help with the costs of travel for treatment on referral by a doctor or dentist.

Further information is available from the NI Direct website at:

www.nidirect.gov.uk/articles/help-health-costs

How to claim

For most people, all you need to do is fill in the back of your prescription form or tell your dentist or optician when you go for dental or optical treatment. If you are claiming help with healthcare travel costs or for wigs and fabric supports, tell the hospital, and show proof of entitlement.

For those who want to claim on low-income grounds, or before your benefit claim is settled, you need to fill in the claim form HC1 'Claim for help with health and travel costs'. It can be downloaded from NI Direct at www.nidirect.gov.uk/publications/claim-help-health-and-travel-costs-form-hc1 or collected from your local **Jobs & Benefits office** or hospitals. Your doctor, dentist, pharmacist, and optician should also have a copy. When you have filled in the form, post it to or hand it in to your local **Jobs and Benefits office**.

Important Note – For people who have reached State Pension qualifying age your claim will be dealt with by the **Pension Service**:

Telephone: [0800 587 0892](tel:08005870892)

Text phone: [0808 100 2198](tel:08081002198) (for people with speech and hearing difficulties).

Child Maintenance Service

Phone: 0800 232 1956

What is it?

Child maintenance is regular financial support that helps pay everyday living costs of bringing up a child when parents are separated. It's for children who are under 16 or under 20 and still in full-time education not higher than A-Level.

Child maintenance can help your child's well-being and the quality of family relationships. The parent who doesn't have the day-to-day care (the 'paying parent') pays child maintenance to the parent or person who does (the 'receiving parent').

When possible, you should make sure your child is looked after by having an effective maintenance arrangement in place. Both parents are legally responsible for the financial costs of bringing up their children, even parents who don't live with their children.

Separated parents can arrange child maintenance:

- privately through a family-based arrangement
- through a Consent Order from a court
- through the Child Maintenance Service (CMS).
