BAIL INFORMATION AND SUPPORT

**MAKING COMMUNITIES SAFER BY HELPING
CHILDREN TO STOP OFFENDING**

What is Bail Support?

If the court agrees the Youth Justice Agency will help and support you to remain in the community and avoid going to Woodlands Juvenile Justice Centre.

The Youth Justice Agency will work with you and your parent or carer at court.

We will then provide a report to the court to help them decide if they can grant you bail.

Who is Bail for?

Young people aged 10-17 who are at risk of:

Reoffending whilst on bail

Failing to appear at court

Being remanded into custody

Together we will work out how we can support you to stay out of trouble and keep your bail conditions.

We will do this by working out a plan to give to the court.

The court will decide if the plan is acceptable and if you are likely to co-operate with it.

How will I be supported?

The aim of your plan is to help you keep your bail conditions. It is designed to support your needs and to provide help and guidance in a number of areas.

Support with housing

Learning new life skills

Alcohol/drug use

Education, training
and employment

Healthy activities

Help with
claiming benefits

Family relationships

Counselling

What do I need to do?

- ▶ Keep your bail conditions and work with your Youth Justice worker
- ▶ Stick to the agreement you have made
- ▶ Stay out of trouble
- ▶ Attend court when required
- ▶ Attend your appointments

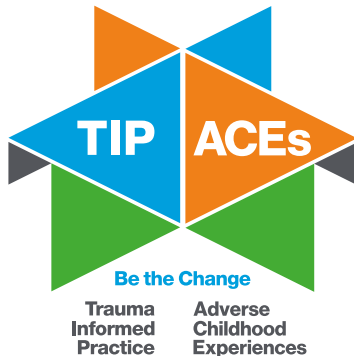

We know there are things that make this difficult and this is where we can help and support you.
