	<p>3. LPG Presentation Caroline thanked Natasha and explained she was going to go through a short presentation on LPG to remind us all of the structure and purpose of LPG. Caroline went through the presentation which covered the following:</p> <ul style="list-style-type: none"> • CYPSP – structure and purpose • Belfast Outcomes group – structure and purpose • Purpose of Locality Planning – developing and supporting multi-agency early intervention • How we do this – sharing information, knowledge and expertise, building effective partnership • Focus – early intervention • Structure of the partnerships and how we feed into them • Membership of LPG's • Standards for LPG • Terms of reference • Outcomes based accountability
	<p>4. Action Plan Natasha talked through the development of an action plan for South Belfast LPG and what members felt would be the key things for the area. Natasha talked through key priorities from CYPSP and BAOG and then looking at what actions LPG as a collective in South could work on.</p>
	<p>5. Key Issues / Agreed Priorities Natasha talked through the key priorities that were put up on flip charts around the room and gave out 'stick it's' for members to identify what they felt the main 1 or 2 priorities for South Belfast LPG should be. There was discussion around the room with members talking through what they saw as the key issues and priorities then deciding on what they felt LPG could potentially work on. Members placed their priorities under the relevant CYPSP / BAOG headings</p>
	<p>6. Round Up and Feedback</p>

	<p>Natasha talked through the issues / priorities on the flip charts then due to time constraints suggested that this information was collated and brought back to the next LPG meeting to discuss further in terms of drawing up an agreed plan. The group could then agree the objectives and actions alongside timelines and partners and if there was any potential for applying for funding for any potential actions.</p> <p>Natasha thanked everyone for their attendance and contribution to the morning.</p>
